Curtin Singapore students not only have access to a quality education but to a variety of cultural experiences unique to the garden city; a cultural melting pot enriched with a multiplicity of language, arts and architecture.

If there is one word that best captures Singapore, it is unique. A dynamic city rich in contrast and colour, you'll find a harmonious blend of culture, cuisine, arts and architecture. Brimming with unbridled energy, this little dynamo in South-East Asia embodies the finest of both east and west. Singapore enjoys warm, tropical weather all year round and is only a short plane journey away from all of the other South-East Asian capitals.

Transportation within Singapore is a breeze; all thanks to a well-connected public transport system and road network that enables easy access to Singapore's world-class attractions such as the Singapore Night Safari, Gardens by the Bay, Clarke Quay and Universal Studios as well as excellent shopping opportunities. And with its stringent law and low crime rate, Singapore is one of the safest cities in the world. Offering a vivid combination of ultra-modern skyscrapers, remnants of tropical rainforest and colourful ethnic urban areas, there will never be a dull moment in this cosmopolitan city.

“

It was important for me to be in an English-speaking country, and Singapore is a great place to study business, which was what I wanted to do. I also wanted to live in a big city, and also a country where I knew it was safe and convenient to stay. Singapore is a city which is alive all the time, and the fact that everything is in English makes it easy to get around and get to know the city.
