STUDENT LIFE

Life at Monash extends far beyond the walls of a lecture theatre. Take full advantage of the unparalleled academic support and recreational activities available to you all year round to shape an incredible university experience you’ll never forget.

Athletics
Leading an active and healthy lifestyle ensures that your body stays strong and your mind sharp. Enjoy the range of sporting activities on campus, starting with the Monash Sports Centre where you can find indoor courts for badminton, and outdoor courts for futsal, basketball, and handball.

Clubs and societies
Take a break from your studies and join a community. We have over 55 student-run clubs and organisations of varied interests ranging from sports, creative and performing arts, academic, to the cultural and spiritual. They offer endless opportunities for fun, friendship, and personal development.
- 21 sports clubs
- 15 special interests clubs
- 8 academic clubs
- 8 creative and performing arts clubs
- 6 cultural and spiritual societies

Study support
Our library has an extensive collection and online resources where you can find just about everything you’ll need in your learning and research journey. You can also sign up for workshops to brush up on various academic and learning skills like research, writing, citing and referencing practices.

Public lectures
There’s always more to learn. The Sir John Monash Lectures and the Jeffrey Cheah Distinguished Speakers Series are avenues where you can engage with high-profile thinkers, leaders, policy makers, academics and experts on a wide variety of topics across fields.

International students
Moving to a new country can be daunting, but we’ll be there with you every step of the way – before and after you arrive in Malaysia.

Student advisers
Our friendly international student advisers have all the information you’ll need to settle in, whether it’s about accommodation, medical insurance, or places to visit in Malaysia.

Orientation and welcome dinner
We run special programs for international students during the first day of orientation, including a cultural adaptation workshop. You’ll also be our guest at a special welcome dinner where you will get a chance to mingle with senior students.

International student association
Run by international students for international students, the Monash University International Student Services (MUISS) regularly organises special programs and activities on campus.

International buddy program
Get matched with one of our current students who will share their experience, provide insights into university life, and respond to your questions and concerns.
LIVING IN MALAYSIA

If you’re looking for an unforgettable study experience, look no further. Malaysia is a wonderfully unique country that has captivated generations with its natural beauty, cultural diversity, and the warmth of its people. It’s a great destination for learning and adventure.

Studying in Sunway

Our campus is located in Sunway City where a wide range of amenities, conveniences, leisure and entertainment options are no more than a few minutes away. The Sunway Lagoon theme park, Sunway Pyramid shopping mall, and eateries are all easily accessed via the Sunway Canopy Walk or public transportation. Hotels, banks and a hospital are also within reach.

THE INTERNATIONAL EXPERIENCE

The world is connected like never before. At Monash, our programs let you venture out into the world to meet people, build skills and gain perspective in ways that you would never imagine.

Go on an exchange or transfer to one of our four campuses in Melbourne, spend a semester or two abroad at our Prato Centre in Italy, or at one of our partner universities in the Asian, European or American region. It’ll be an experience you’ll never forget.

DID YOU KNOW?

You’ll pay the Malaysian campus course fees when you go on an exchange to one of our Australian campuses or partner universities as a Monash Malaysia student.

Note: Available for selected programs. Please contact us for more information.
LIFE-CHANGING RESEARCH

It’s a certain drive to question the answers and go beyond convention that makes research at Monash different. We believe that great research, when properly applied, can lead to lasting and positive change in the world. At Monash, you will be empowered, developed and nurtured to succeed with our targeted programs, specialist advice, and access to world-leading research infrastructure, services and systems.

For Southeast Asia and the world

As the Malaysian campus of a premier research-intensive Australian university, we are Monash’s platform for scholarly engagement with the Southeast Asian region. Anchored by relationships with partners in industry, government, non-governmental organisations, and other universities, we are a centre of research excellence that strives for real impact on the lives of people in Malaysia, Southeast Asia and beyond.

An international, multidisciplinary approach

Bringing together researchers from different fields, faculties, campuses and universities allows us to develop strengths in specific areas and set research priorities to benefit the communities we serve. Our areas of priority include:

**Advanced Engineering**
High focus on energy, resources and sustainability, and the socioeconomic impact and application of technology in agriculture and manufacturing.

**Brain Research Institute Monash Sunway (BRIMS)**
Neuroscience research into addiction, depression, dementia, and autism including the mechanism of cancer and infectious diseases.

**Global Asia in the 21st Century (GA21)**
Multidisciplinary research to interrogate critical themes surrounding Asia’s economic, social, and political emergence.

**Monash-Industry Palm Oil Education and Research**
Improving competitiveness and sustainability of the palm oil industry, with a focus on food innovation and security, social and environmental sustainability, waste to wealth, and palm oil production and derivatives.

**Southeast Asia Community Observatory (SEACO)**
Driving sustainable society through salient study of population health.

**Tropical Medicine and Biology**
Advancing genomics findings for better management of key natural resources and healthcare services.

**Infrastructure**
Our research community has the global advantage of working with exceptional infrastructure. We continue to invest in the finest equipment, building an integrated network of technology platforms in biomedicine, science and engineering.

- Advanced Computing
- Bioimaging
- Business Simulation
- Drug Discovery
- Focus Group Room
- Genomics
- Gerontechnology
- Intelligent Lighting
- Liquid chromatography-mass spectrometry (LC-MS)
