DISCOVER YOUR ADVANTAGE
Experience
UNSW Sydney

Every new experience today shapes your tomorrow

Success is a journey. Take a path that offers exciting opportunities along the way. At UNSW Sydney, we provide outstanding experiences so you can reach your full potential and build your future career.

UNSW is an internationally acclaimed teaching and research powerhouse with three modern campuses, giving you a learning experience packed with academic programs, student activities and educational services.

Working within our top 50 university, our academics are recognised as global leaders in their fields. Our students study in world-class facilities, interact with industry leaders, and apply the latest research to real-world situations.

You will learn to challenge traditional thinking, to push boundaries, and to be innovative. We make sure our graduates have both the theory and practical experience they need to graduate and join our alumni community achieving incredible things around the globe.

We are proud to be ‘Australia’s Global University’, placed among the world’s best. Through our 2025 Strategy, we are deepening our research and teaching, partnering with more governments and universities, and transforming the lives of people around the world.

Choosing your university is an important decision. We hope you take the leap to join our community and discover a wealth of opportunities at UNSW.
Get a career advantage

UNSW Sydney is passionate about making our graduates more employable – and that’s why our Advantage Program offers more than 450 professional development and volunteer opportunities to boost your skills and confidence.

As an international student, these experiences will give you experience of Australian workplace culture, improve your career networks and help you stand out from the crowd when applying for jobs in the competitive job market.

Many international postgraduate students take advantage of the Professional Development Program which is tailored to teach lifelong career skills. The program also features a work placement within UNSW that provides work experience in a professional workplace.

David Zhu, a Master of Professional Accounting student from China, says: “In my studies at UNSW, I have gained the required technical knowledge in my field, and through the other experiences my communication and employability skills have been improved. And I can use that as the keys to open the door to jobs when I leave UNSW.”

Other career-boosting experiences with the UNSW Advantage Program – which are all credited on your official Australian Higher Education Graduate Statement – include GlobalScope (featuring work experience on a real-world business project), Interchange (to help those wanting to become entrepreneurs), and Career Mentoring (putting you in direct contact with an experienced professional in your field).

To find out more about the UNSW Advantage Program, visit student.unsw.edu.au/advantage.

“I am much more confident after doing all those programs when it comes to presenting myself properly, whether on my resume or on LinkedIn or during networking events.”

APURVA BORA (INDIA), Master of City Planning

“I chose UNSW because it is one of the best universities in Australia. I would highly recommend UNSW to anyone. It’s not only a good place to study, but also very supportive to international students with many programs to help them develop in every aspect.”

JIANG ZHU (CHINA) Master of Professional Accounting

“The programs at UNSW have definitely helped give me the skills and knowledge to stand out from the crowd.”

MARSEL RABAEV (RUSSIA) Master of Engineering Science

“At UNSW you are very well supported in your transition from university into your career.”

EVENA WONG (MALAYSIA) Master of Design

“I am much more confident after doing all those programs when it comes to presenting myself properly, whether on my resume or on LinkedIn or during networking events.”

Global employers of UNSW alumni. Data sourced from LinkedIn.
One of the country’s largest research communities with approximately 4,500 dedicated research students.

The Torch Innovation Precinct brings together industry, entrepreneurs, investors, and policy makers from around the world. These networks allow us to facilitate the transition from innovation to research and development to realisation.

12 Australian Research Council Centres of Excellence.

UNSW graduates the highest number of tech startups in Australia and boasts the most extensive entrepreneurship support through the UNSW Founders Program.

Define the future with research and innovation

We transform clever ideas and research discoveries into successful innovations to benefit society, the economy and future generations.

We conduct research across a wide range of areas. We invest considerable resources in areas where we believe can make the biggest difference, such as:

• **Solar power (photovoltaics):** We hold the world record for the conversion efficiency of a silicon solar cell, and we are home to one of the world’s fastest solar-powered cars.

• **Clean drinking water:** We created membrane filtration technology to filter water that is now used in taps around the world.

• **Population Ageing:** We are developing economic and health policy frameworks for government and industry to sustainably manage this global challenge.

• **HIV/AIDS:** Since diagnosing Australia’s first case of HIV, we have been involved in the development of every existing antiretroviral HIV drug.

• **The world’s first quantum computer:** Using silicon, we are one of the global leaders in the race to build a quantum computer.

Supporting entrepreneurs

UNSW offers Australia’s most comprehensive university entrepreneurship program. The Founders Program embeds entrepreneurial skill building within the university community at scale, while also identifying and supporting exceptional entrepreneurial talent to launch start-ups with global impact.

The program offers:

• Foundational workshops, masterclasses and hackathons to instill entrepreneurial skills and confidence in budding entrepreneurs

• Pre-accelerator programs, such as the Founders Start, Launch and Grow for those looking to refine and test their business proposition

• New Wave Founders, a program that offers tailored opportunities for female entrepreneurs

• Global Founders, a program to help launch founders into foreign markets

• FounderLab, a world-first on-campus program that offers technical development and support for non-technical founders

• Founders 10x Accelerator, our flagship 10-week intensive accelerator program for 10 high-impact startups

For more information, visit [founders.unsw.edu.au](http://founders.unsw.edu.au).
Experience Sydney, one of the world’s best cities

The business capital of Australia

Sydney is home to more global firms than any other Australian city. A gateway to Asian economies, the city attracts great minds and is known for its ideal climate, relaxed outdoor lifestyle, and friendly locals. It’s no wonder Sydney was voted the 10th-best city in the world to live and work.*

*Mercer Quality of Living Survey, 2018
Student friendly

Sydney is a diverse and cosmopolitan city. It ranked 9th best city in the world in the QS Best Student Cities Index 2018. The Harbour City is not just a destination but a life experience. World-class performances, spectacular events, and stunning landscapes await you in a city where there is as much to do at 7am as 11pm.

Love Sydney for less

There are endless affordable indoor and outdoor activities to enjoy in Sydney. Visit free art galleries, watch a movie at the local cinema, set off on a coastal walk, enjoy a barbecue in the park, go snorkelling or surfing at the beach, or have a cheap lunch or dinner in our neighbouring suburbs.

Surrounding areas

UNSW is in the leafy Eastern Suburbs, minutes away from Coogee Beach and Centennial Park. The surrounding suburbs of Kingsford, Randwick, and Maroubra are full of cafes and restaurants offering an impressive range of international cuisine, reflecting the area’s diversity.

Outside Sydney

Catch a train to the Blue Mountains for some fresh air, go north or south along the coast for quiet and stunning beaches, or head inland for Australian rural life. And you can always take a plane to Melbourne, the Gold Coast, New Zealand, or Bali, just like the locals.

For more information, visit international.unsw.edu.au/sydney-worlds-best.
Tailor your studies to suit you!

We want you to enjoy a flexible study experience at UNSW, so we have introduced UNSW3+, a new and innovative academic calendar.

UNSW3+ features three standard 10-week teaching terms plus an optional five-week summer term.

You will study eight courses per year which means you can enjoy a lighter study load of just two courses during one of the terms. It may be possible for you to complete nine courses per year (three courses per term) and take a reduced load of seven courses in a subsequent year.

This gives you more opportunities to get involved outside of your studies, to complete an internship or build your networks to make you more employable!

From 2020, some undergraduate and postgraduate degrees will have three intakes - Term 1 (February), Term 2 (June) and Term 3 (September).

Check the UNSW Degree Finder for up-to-date information at degrees.unsw.edu.au.

The UNSW3+ calendar dates for 2020 and beyond can be found at student.unsw.edu.au/calendar.
Maximise your career potential

Our extensive career development services can help you gain practical workplace skills, obtain professional experience and develop a plan for global career success.

UNSW Careers and Employment
Employers seek well-rounded graduates who can demonstrate relevant studies, work experience and extra-curricular involvement. Our dedicated Careers and Employment team helps students gain practical workplace skills, obtain professional experience and develop a plan for global career success. At any time during your degree, you can attend free seminars, access online resources or book a one-on-one appointment with a professional careers consultant. You’ll also have access to the Careers and Employment Office up to 18 months after completing your degree. For more information, visit careers.unsw.edu.au.

Professional Development Program for International Students
As a student, you can take advantage of a professional development program tailored to give you hands-on experience in a professional workplace. The program includes a three-day seminar covering topics such as business communication, employer expectations and recruitment processes. You also have the opportunity to complete a 50-hour workplace experience in offices located throughout UNSW.
- Get hands-on experience and confidence in a professional setting
- Improve your job application and interview skills
- Learn about employer expectations in the Australian workplace
- Improve your business communication and business writing skills.
For more information, visit student.unsw.edu.au/indo.

International Students Careers Week
A week of seminars, panels, and online events highlights the global opportunities available to international students. You can meet with international employers, create beneficial networks, and learn valuable recruitment tips from employers and alumni. For more information, visit student.unsw.edu.au/careers-week.

Internships
UNSW offers internships through Work Integrated Learning (WIL) opportunities as part of many of our degrees. These opportunities can be credited towards your degree – giving you valuable insights into your industry’s workplace culture and helping build a range of skills focused on your specific area of study. WIL provides you with specific work experience as part of your degree. Check with your Faculty Student Centre for full details of what is available.

Careers Expo
Held twice a year, our Careers Expo is a chance for students to meet and discuss potential employment and internship opportunities with over 100 participating employers, including BHP Billiton, Shell, Commonwealth Bank of Australia, Deloitte, HSBC, Microsoft, IBM Australia, and many more. For more information, visit student.unsw.edu.au/expos.

International Student Employability Guide
This employability guide is designed specifically for UNSW international students. It provides tips on how you can become more employable and includes the resources and programs available to you as a UNSW student. It also features profiles of successful UNSW international alumni which will guide and inspire you on how you can make the most of your time at UNSW. For more information, visit student.unsw.edu.au/international-student-careers.

Offshore networks
UNSW maintains offices in China, India, and Indonesia as well as staff posted around the world in North America, Europe, Africa, and South East Asia. Our overseas staff have relationships with leading industry partners to promote the UNSW brand and ensure insights from companies around the world inform our programs. For more information, visit international.unsw.edu.au.

Professional skills programs
Employers expect graduates to have strong analytical and problem-solving skills, which are vital in many industries. Gathering information, analysing it, communicating with others, utilizing logic and imagination and working well in a team are all skills that help solve problems.
UNSW will help you enhance your skills thanks to programs such as, Interchange and UNSW Hero Program which require students to consider and address real-world business issues. For more information, visit student.unsw.edu.au/programs.
UNSW has among the largest student housing capacity in Sydney with award-winning accommodation on and off campus. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends. Alternatively, find your own home in the neighbouring Eastern Suburbs or by the beach.

**Accommodation at UNSW**

**Colleges**
Colleges provide a choice of full board, partially catered, and self-catered accommodation. There is also a range of gender-specific options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher, and vegetarian.

**Apartments**
Apartments offer independent-style living for undergraduates, postgraduates, couples, and families with children. There are apartments on and off campus and costs vary depending on the number of rooms and the location.

You should organise your university accommodation early as places book up quickly. Go to [accommodation.unsw.edu.au](http://accommodation.unsw.edu.au) for information about accommodation on the UNSW Campus.

**Private accommodation options**

**Rental property**
There are many private rental properties in the suburbs surrounding UNSW. Costs vary according to the number of bedrooms, the condition, and location. When renting, you usually sign a six or 12 month lease and pay rent in advance plus a security deposit called a bond. You can rent a furnished or unfurnished property and generally there will be additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from A$150 – A$300 per student per week in a shared house or apartment.

**Homestay (full board and room-only)**
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in the private home of a family or single person, plus breakfast and dinner. Some also include bed linen, a laundry service, and weekly room cleaning. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You will be responsible for buying your own food, cooking, cleaning, and laundry and telephone costs. Costs vary but usually range from A$250 - A$350 per student per week. Search our database of locally listed private properties at [studystays.unsw.edu.au](http://studystays.unsw.edu.au).

**Temporary accommodation**
If you haven’t confirmed your university accommodation before you arrive, we recommend you allow three to four weeks before classes begin to look for private housing, settle in, and attend orientation sessions. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges, or furnished apartments ranging from A$45 to A$300 per day.

**Private student housing assistance**
Our International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation isn’t available when you apply. The service is available at the start of each term. For more information, visit [student.unsw.edu.au/housing-assistance](http://student.unsw.edu.au/housing-assistance).

**Under 18s**
Arrangements must be made for students under 18 years of age. These requirements are in line with Australian Government regulations for the care and welfare of international students under 18. For more information, visit [student.unsw.edu.au/visa18](http://student.unsw.edu.au/visa18).
Accommodation costs are subject to change and are indicative only.

The Kensington Colleges provide a home and foster a strong community with pastoral care, academic mentoring programs, sporting and regular social events.

Creston College
Provides accommodation with gender segregated floors and prayer contemplation rooms. Dietary needs can be catered for, e.g. vegetarian, halal.

Fig Tree Hall
A culturally supportive, alcohol-free college with gender segregated floors and prayer contemplation rooms. Dietary needs can be catered for, e.g. vegetarian, halal.

UNSW Hall
Good value for money and an economical option for students.

Colombo House
Ideally suited to students who enjoy the benefits of an integrated community life as well as their independence.

Creston College
Provides accommodation for up to 25 undergraduate and postgraduate full-time female students.

International House
For full-time students in their second year of undergraduate studies or above.

New College
New College is well-known for its vibrant community, academic excellence, pastoral care and Christian Foundations. Welcomes students of all denominations.

Shalom College
Warm and friendly, diverse, multicultural community open to undergrad and postgrad students.

Warrane College
Open to male students at UNSW.

Campus facilities
UNSW Sydney’s Kensington campus has everything you need, including dozens of cafes and restaurants, multiple ATMs, a bank, a post office, supermarket, food cooperative, pharmacy, medical centre and dentist, two libraries, a fitness and aquatic centre, and sports fields and courts.

Study areas
Work on your assignments at one of our many indoor computer labs or outdoor study areas complete with power outlets to charge your devices. Stay connected to family and friends with free Wi-Fi throughout the campus.

Clubs and societies
Join a club or society and make new friends. Choose from more than 300 student-led clubs and societies across a range of interests including food, sport, running, debating, conservation, the Exchange Society, and more.

Student association
Arc is our student association – it’s run by students for students. Find out about parties and events, or get discounts from partner organisations, free legal advice, and assistance with finding a part-time job or volunteer work.

Language and conversation skills
Improve your language skills by participating in one of our many programs or discussion groups on campus. We can even match you with a partner who shares your language, while you work on improving your English.

Religion centre
Our interfaith religion centre is for all UNSW students. Chaplains conduct services and study groups, and offer spiritual counselling. The Islamic Society has an Imam and meeting and prayer rooms are available.

Staying safe
To maintain our safe and enjoyable study environment, our security service provides a 24-hour comprehensive presence across campus. With our StaySafe@UNSW free app you can track the night bus and access safety tips, contacts, a newsfeed, and more.

Be part of a safe and welcoming community
UNSW has a village atmosphere that will make you feel at home.
Our students tell us we are one of the friendliest universities in Australia with many support services you can rely on.

UNSW has a range of support and development services to assist you from the time you arrive through to your graduation.

**Arrival support**
From picking you up at the airport, running new-arrival workshops, and taking you on campus tours, our dedicated International Student Welcome Centre will make sure you feel welcome, safe and well connected, so you can settle in.

**Mentoring and Cultural Transition programs**
UNSW has many mentoring programs. One of these programs is the Cultural Mentor program, where new students apply to be matched with a Cultural Mentor before they arrive in Australia. Your Cultural Mentor could be an international or Australian student. The program introduces new international students to a senior student “buddy” who will answer questions about UNSW and Sydney before you arrive. After you arrive, you can meet up with your mentor to learn about Australian culture, customs, and being a student at UNSW. Cultural Transition programs include Culture of Oz, the Language Exchange Program, discussion groups, and more.

**International Student Advisors**
Our International Student Advisors are always here to help you with personalised advice and information about all aspects of your university life, your student visa, your wellbeing, and your academic performance. Our Advisors also run our Under 18 Care Program, supporting younger students throughout their study.

**Academic support**
As a UNSW Sydney student, you will have access to free online resources, academic skills workshops, individual consultations with peer writing assistants, exam preparation tips, and more.

For more information, visit [student.unsw.edu.au/international].

Friendly and supportive. Become a part of UNSW.

Curating and Cultural Leadership

Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, production and other emerging aspects of this field. The programs are customisable and include an industry-based project at Masters level, allowing you to build your skills and professional networks.

Areas of study
Curating: focuses on contemporary curating as a diverse and dynamic profession, which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experimentation and the development of a strong independent practice through curatorial studios and live public projects.

Cultural Leadership: includes museum management, public programming and engagement, education, policy, critical writing, production, and new emerging roles. It emphasises the fluid boundaries between all of these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

Master of Curating and Cultural Leadership (9318)

Duration 1.7 or 2 years
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements 6.5 overall, 6.0 in each band
Entry requirements Depending on the level and nature of prior qualifications, admission to the Master of Curating and Cultural Leadership has three entry points with different durations:

2 Year Program (96 UOC)
A recognised bachelor degree in any field with at least a credit average (65%) or equivalent. This provides admission into the two-year program (96 UOC).

1.7 Year Program (72 UOC)
A recognised bachelor degree in a related field with a credit average (65%) or equivalent. This provides admission into the 1.7-year program (72 UOC).

1 Year Program (48 UOC)
An honours degree in a related field. This provides direct admission to the advanced one-year program (48 UOC).

Related fields include Art History, Art Theory, Art Curating, Art Education, Museum and Heritage Studies, Cultural Heritage Materials Conservation, Design Education, Humanities, including English Literature, Cinema Studies.

Graduate Certificate in Cultural Leadership (7318)

Duration 0.7 years
Entry February and September
Estimated first year tuition A$18,000
Minimum IELTS requirements 6.5 overall, 6.0 in each band
Entry requirements
A recognised bachelor degree or equivalent. The bachelor degree can be in any field with at least a credit average (65%).

Graduate Certificate in Design (9312)

Duration 1 year
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements 6.5 overall, 6.0 in each band
Entry requirements
A recognised bachelor degree in any field, conferred within the last 10 years, or a Graduate Certificate in Design with at least a credit average (65%).

ENGAGE WITH HUMANITY

UNSW Arts & Social Sciences provides a licence to explore big ideas, new perspectives, and critical social issues with Australia’s sharpest minds.

Boldly creative and intellectually adventurous, we have a proud tradition of producing high calibre graduates who are innovative thinkers and professional frontrunners in contemporary Arts, Humanities and Social Sciences. At UNSW Arts & Social Sciences we offer a range of professionally relevant, socially engaged and intellectually stimulating postgraduate programs which combine time-tested traditions of scholarship with progressive, fresh ways of thinking.

We are one of the most academically energetic and socially engaged faculties of our kind in the Southern Hemisphere. Our high-quality teaching and enviable international research position demonstrates the enduring value of our interdisciplinary scholarship.

UNSW ARTS & SOCIAL SCIENCES

TOP 50 IN THE WORLD
Our academic staff are leaders in their fields and the teaching and research produced within UNSW Arts & Social Sciences is internationally acknowledged for its exceptional quality and relevance. In the 2019 QS World University Rankings by Subject we were 40th in the world for Social Sciences and 45th for Arts & Humanities.

STRONG INDUSTRY AND CULTURAL PARTNERSHIPS
UNSW Arts & Social Sciences has a strong network of community and industry connections including links to government agencies, professional bodies, cultural institutions, and corporate and community organisations.

We are a major partner with two of Sydney’s largest cultural festivals, the Sydney Writers’ Festival and the Sydney Film Festival, providing our students with opportunities to gain invaluable industry experience via internships, volunteering and networking with world-class professionals.

Many of our professional development degrees also provide professional accreditation.

EXPERT TEACHING
You will be taught by industry experts and world-class scholars.
In this environment, you will develop the capacity to make an informed engagement with pressing national and global issues.
Applied Linguistics
Master of Applied Linguistics (8236)

Duration: 1.7 or 2 years
Entry: February and September
Estimated first year tuition: A$35,280

Duration 1 year

Entry February and September

Estimated first fall tuition A$36,960

Minimum IELTS requirements 7.0 Overall, 6.0 in each band

Entry requirements

- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

Graduate Certificate in Environmental Management (7339)

Duration 0.7 year

Entry February and September

Estimated first fall tuition A$19,480

Minimum IELTS requirements 7.0 Overall, 6.0 in each band

Entry requirements

- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

Journalism and Communication

Master of Journalism and Communication (8237)

Duration 1.1 or 2 years

Entry February and September

Estimated first fall tuition A$35,260

Minimum IELTS requirements 7.0 Overall, 6.0 in each band

The convergent media landscape is evolving rapidly. The Master of Journalism and Communication will enable you to develop specialist knowledge of the social, economic and political role of media in Australia and internationally, and you will be encouraged to think critically about media practices and production.

Entry requirements

- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
- Relevant professional experience can include: Work in the public relations, advertising, journalism, or media and communication sectors; or at least one year of workplace experience at management level.

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

Public Policy and Governance

Master of Public Policy and Governance (8293)

Duration 1.1, 2 or 2 years

Entry February and September

Estimated first fall tuition A$35,260

Minimum IELTS requirements 7.0 Overall, 6.0 in each band

The Master of Public Policy and Governance provides specialist studies in public policy and management, public administration and public governance of services at local, national and international levels. This degree applies a social science perspective to questions of policy and management in modern organisations.

Entry requirements

- A recognised bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
- Relevant professional experience can include: Work in the public sector, unions, business organisations, research/ policy institutes, or third-sector organisations.

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%
Public Relations and Advertising
Master of Public Relations and Advertising (8282)
Duration 1 or 1.7 years
Entry February and September
Estimated first year tuition $33,640
Minimum IELTS requirements
7.0 Overall, 6.0 in each band

The Master of Public Relations and Advertising merges contemporary theory and academic rigour with creativity, research and practical industry skills. The degree will help you to engage effectively with the public and communities, engage creatively with ideas and production technology, and engage professionally with organisational practices.

Entry requirements
There are two durations of study:
1.7 Year Program (72 UOC)
- Bachelor degree (or equivalent qualification) in a discipline with a record of academic achievement equivalent to a UNSW credit average of 65%, or
- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%, plus one year of relevant professional experience, or
- Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study is also required.

Teaching
Master of Teaching (Secondary) (8036)
Duration 1.7 years
Entry February
Estimated first year tuition $32,920
Minimum IELTS requirements
7.0 Overall, 6.0 in each band

The Master of Teaching (Secondary) is an accelerated secondary teacher degree, available in an intensive mode over 1.7 years. This 1.7 year course is available for entrants after only one year of full-time study. You will gain advanced skills in effective unit and lesson planning, assessment and reporting, as well as practical classroom communication and reflective teaching.

The Master of Teaching requires students to study two single teaching specialisations, or one double teaching specialisation (available only for English, Mathematics, Music and Visual Arts) from the method courses listed:
- Aboriginal Studies
- Biological Studies
- Chemistry
- Chemistry/Biology
- Dance
- Drama (Theatre and Performance Studies)
- Earth and Environmental Studies
- English
- English as an Additional Language or Dialect (EAL/D)
- Geography
- Graphics and Multimedia Technology
- History
- History – Modern
- Languages
- French, German, Spanish, Chinese, Indonesian, Japanese and/or another appropriate language
- Legal Studies
- Mathematics
- Music
- Physics
- Science
- Society and Culture
- Visual Arts

Entry requirements
Applicants require an appropriate bachelor degree from an approved institution with adequate background studies in relevant teaching discipline. The guidelines for entry are based on the NSW Education Standards Authority (NESA) subject content requirements.

Students are encouraged to complete the online UNSW Master of Teaching (Secondary) Self-Assessment at education.arts.unsw.edu.au to check for eligibility for the program.

The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study is also required.

Translation and Interpreting
Master of Translation and Interpreting (8204)
Duration 2 years
Entry February and September
Estimated first year tuition $33,640
Minimum IELTS requirements
7.0 Overall, 6.0 in each band

The Master of Translation and Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge, skills and certification to work as a professional translator and interpreter in Australia and internationally.

Courses are offered – in combination with English (Chinese (Mandarin), French, Indonesian, Japanese, Korean, Russian and Spanish).

Relevant disciplines include: Arts, Humanities, Social Sciences, Media, Communications, Journalism, Public Relations, Advertising, Marketing, Design and Creative Arts.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Master of Teaching (Primary) (8925)
Duration 1.7 years
Entry February
Estimated first year tuition $32,920
Minimum IELTS requirements
7.0 Overall, 6.0 in each band

The Master of Teaching (Primary) comprises core education courses, discipline-specific curriculum and pedagogic studies in the six key primary school subject areas. You’ll be well prepared in primary education for two days a week for the first year, working with primary age students and being supervised by primary teachers as well as university staff.

Entry requirements
- A recognised bachelor degree at a competitive standard with a major in one of the six key learning areas below, consisting of at least six units of undergraduate study, with no more than two at first year and at least two at third year, plus at least two units of study in one or more other key learning areas.
- Students are encouraged to complete the online UNSW Master of Teaching (Primary) Self-Assessment at education.arts.unsw.edu.au to check for eligibility for the program.
- Key Learning Areas (KLA) include:
  - English (literature, communications, linguistics, creative writing, media studies)
  - Mathematics (pure or applied maths)
  - Science and Technology (architecture, anthropology, chemistry, computing studies, design, education, ethics, human development, health and physical education, law, music, philosophy, psychology, science, textiles, technology)

  - Human Society and its Environment (Aboriginal studies, archaeology, anthropology, environment, forensic studies, history, politics, sociology)
  - Economics/business studies, cultural studies, history, human studies (such as history and social science)
  - Government and citizenship, history, legal studies, politics, public administration
  - Educational studies, education, nursing, psychology

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW credit average (65%) and an advanced level of bilingual proficiency.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW credit average (65%) and an advanced level of bilingual proficiency.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
SHAPING FUTURE CITIES

At UNSW Built Environment, we shape future cities; cities that are resilient, informed, connected, healthy, smart, liveable, and inclusive.

We build an agile platform for education, research and exchange that can respond to the changing needs of the professions while also anticipating the unknown; by developing skilled and enquiring graduates, with conscience, who can positively engage, adapt and shape our future cities for the benefit of all people and with the planet firmly in mind.

UNSW BUILT ENVIRONMENT

TOP 25 IN THE WORLD
We are ranked 25th in the world for Architecture/Built Environment
QS World University Rankings by Subject, 2019

TEACHING AND RESEARCH EXCELLENCE
Award-winning industry and academic staff, including renowned architect and UNSW academic, Professor Glenn Murcutt, Australia’s only recipient of the international Pritzker Prize, the industry’s most prestigious award. Our teaching is informed by world-class research and we are rated as the equal-top university in Australia.

Advanced City Policy and Practice
Graduate Certificate in Advanced City Policy and Practice (7359)
Duration: 0.7 years
Entry February and September
Estimated first year tuition: A$38,730
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The Graduate Certificate of Advanced City Policy and Practice allows you to choose courses from various study areas in the Faculty of Built Environment, including Urban Policy and Strategy, Urban Renewal and Housing, Sustainable Built Environment and City Analytics. You will gain an understanding of concepts including the theory and practice behind urban policy and strategy. You will have the opportunity to continue your studies and utilise these credits towards a diploma or a full masters in City Analytics or Sustainable Built Environment.

Graduate Diploma in City Analytics (8151)
Duration: 1 year
Entry February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
An undergraduate degree with at least a credit average of 65% in a relevant discipline is required. A relevant degree would encompass studies in a built environment discipline as well as subjects in social science, social policy, business and law. Students enrolling in this program will be working full time or will have worked full time since graduating including work in an urban, regional or related professional role.

Entry requirements
A recognised bachelor degree from a relevant discipline such as Business, Computer Science, Environmental Science, Engineering, Law/Jurisprudence, Social Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved a minimum of a credit average may be considered for entry to the Graduate Diploma in City Analytics.

Construction Project Management
Master of Construction Project Management (8123)
Duration: 1.7 years
Entry February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The Master of Construction Project Management teaches modern management methodologies and how to apply these principles to complex buildings and infrastructure. You will emerge with improved proficiency to meet construction management challenges, now and into the future.

Entry requirements
A bachelor degree or equivalent in a relevant field such as construction economics, civil engineering, mining engineering, architecture, quantity surveying, property development, and real estate. Additionally, applicants who have met these requirements but also have an Honours degree or have achieved a credit average in their undergraduate degree may be eligible for 24 UOC of advanced standing (course credit). For more information visit www.handbook.unsw.edu.au/postgraduate/programs/current/8123.htm

Graduate Certificate in City Planning (7148)
Duration: 0.7 years
Entry February and September
Estimated first year tuition: A$15,720
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A bachelor degree with a credit average or above (WAM 65%). Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

City Planning
The City Planning programs provide an excellent platform to take up planning and urban policy-related career opportunities. The two-year, professionally accredited Master's degree allows you to choose one of four specialisations and comprises a research project or urban design studio in addition to courses. Graduate Diploma and Graduate Certificate programs are also available.

Master of City Planning (8149)
Duration: 2 years
Entry February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A recognised bachelor degree with a credit average or above (WAM 65%) or above. Where qualifications are not considered adequate, admission may be permitted on a case by case basis. Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

Building on the solid disciplinary foundation established in the Bachelor of Architectural Studies, the Master of Architecture provides advanced knowledge and technical skills in architectural design, as well as related technical knowledge. In addition, it allows you to choose one of four course streams, to tailor your education to specific areas of the discipline. You will be well prepared to operate at a professional level in the practice of architecture and other design-based industries.

Architecture
Master of Architecture (8143)
Duration: 2 years
Entry February and September
Estimated first year tuition: A$41,280
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Building on the solid disciplinary foundation established in the Bachelor of Architectural Studies, the Master of Architecture provides advanced knowledge and technical skills in architectural design, as well as related technical knowledge. In addition, it allows you to choose one of four course streams, to tailor your education to specific areas of the discipline. You will be well prepared to operate at a professional level in the practice of architecture and other design-based industries.

Entry requirements
Admission is available to students with a degree from an accredited undergraduate program (or equivalent) in architecture, together with evidence of a capacity to consistently achieve grades at credit level or higher.

Additionally, applicants from international universities are required to provide a portfolio of their design work. The portfolio should include sample works from various stages of their undergraduate degree, and text should accompany all drawings/images to explain the projects. Professional work can be included, but the degree of responsibility for the work must be stated. The portfolio must be in digital format.

Graduate Diploma in Architecture (7149)
Duration: 1 year
Entry February and September
Estimated first year tuition: A$18,720
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A recognised bachelor degree with a credit average or above (WAM 65%) or above. Where qualifications are not considered adequate, admission may be permitted on a case by case basis. Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

City Analytics
Smart cities, big data, virtual reality and other technologies are important in planning more sustainable, resilient cities. The City Analytics programs are designed to upskill the next generation of city data, analytics and modelling professionals. You will be able to contribute to the development of data-driven policy and decision making across our cities.

Master of City Analytics (8151)
Duration: 1.7 years
Entry February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A recognised bachelor degree from a relevant discipline such as: Business, Computer Science, Environmental Sciences, Engineering, Law/Jurisprudence, Social Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved a minimum of a credit average will be eligible for admission to the suite of City Analytics programs. Applicants who don't have a credit average may be considered for entry to the Graduate Diploma in City Analytics.

Graduate Certificate in City Analytics (7184)
Duration: 0.7 years
Entry February and September
Estimated first year tuition: A$15,720
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A recognised bachelor degree from a relevant discipline such as: Business, Computer Science, Environmental Sciences, Engineering, Law/Jurisprudence, Social Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved a minimum of a credit average will be eligible for admission to the suite of City Analytics programs. Applicants who don't have a credit average may be considered for entry to the Graduate Diploma in City Analytics.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
Landscape Architecture

Master of Landscape Architecture (8136)

Duration: 3 years
Entry: February
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements:
The minimum requirement for all students is a bachelor degree with a credit (65%) or above average. Students must also submit a portfolio of design work. The Master of Landscape Architecture is a three-year program with three entry points; depending on their prior study areas, students may complete the degree requirements in one, two, or three years. The program is 144 UOC in total, but some students with relevant degree backgrounds may be eligible for up to 96 UOC transfer. There are three streams:

Stream A caters to students from a non-design background; these students are required to complete the three-year, 144 UOC program. Students must submit a portfolio and a personal statement.

Stream B caters to students from cognate backgrounds, including architecture and urban design. These students may receive 48 UOC for recognition of prior learning (RPL) and are required to complete the two-year, 96 UOC program. Students must submit a portfolio and a personal statement.

Stream C caters to students who have completed a Bachelor of Landscape Architecture from an accredited program. These students may be granted 96 UOC for recognition of prior learning (RPL) and are required to complete one year of study. Students must submit a portfolio and a personal statement.

Graduate Diploma in Sustainable Built Environment (8132)

Duration: 1 year
Entry: February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements:
A three-year bachelor degree with a credit average or above (WAM 65% or equivalent) in a relevant field such as Built Environment disciplines or related areas such as environmental science or engineering. Applicants will be required to undertake an interview process as part of their application for entry into the program.

In exceptional circumstances, we will consider relevant professional experience of at least five years. Roles include building designer, environmental planner, construction project manager, environmental/sustainability project officer, building sustainability/energy efficiency assessor, or building environment consultant with an environmental/sustainability focus.

Applicants will need to demonstrate they have achieved the same knowledge and skills (learning outcomes) through their formal or informal learning as the qualifications listed for entry for this program.

Urban Development and Design

Master of Urban Development and Design (8131)

Duration: 1.7 years
Entry: February and June
Estimated first year tuition: A$37,440 (plus A$5,000 for field trip)
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements:
A recognised four-year bachelor degree or equivalent in a relevant discipline such as architecture, landscape architecture, interior architecture, planning, construction, property development, and civil engineering or have completed the 7311 Graduate Certificate.

Master of Urban Development and Design (Extension) (8141)

Duration: 2 years
Entry: February and June
Estimated first year tuition: A$37,440 (plus A$5,000 for field trip)
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements:
A recognised four-year degree in a relevant discipline such as architecture, landscape architecture, interior architecture, planning, construction, property development, and civil engineering. Admission is also open to graduates of a recognised three-year undergraduate degree in Architectural Studies. Applicants must also submit a portfolio and a statement. For more information visit www.handbook.unsw.edu.au/postgraduate/programs/current/8141.

Professional accreditation
Graduates are eligible for membership to the Urban Design Chapter of the Planning Institute of Australia (PIA).

Property and Development

Master of Property and Development (8127)

Duration: 1.7 years
Entry: February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The dynamic range of courses in the Master of Property and Development will provide you with the principles of property development and investment, and the knowledge to apply them across different phases of the industry cycle.

Entry requirements:
A bachelor degree or equivalent in a relevant field such as building, construction management, construction economics, civil engineering, mining engineering, material management, construction economics, civil engineering, property development, and real estate, law, or business with a credit average or better performance (a minimum WAM of 65%); or an undergraduate degree in any field with a credit (65%) average plus three years of property industry experience at a management level, or a Graduate Certificate in Property Development with a credit average (65%). Additionally, applicants who have met these requirements but also have an honours degree, masters or graduate diploma in a relevant field or 3 years industry experience in the property sector at management level gain post completion of bachelor degree may be eligible for 24 UOC of advanced standing (course credit).

Professional accreditation
The program is recognised by the Australian Property Institute (API) – subject to the institute’s designated practical experience requirement.

Graduate Certificate in the Built Environment (7131)

Duration: 0.7 year
Entry: February
Estimated first year tuition: A$8,720
Minimum IELTS requirements: 5.0 Overall, 6.0 in each band

Entry requirements:
The Graduate Certificate in the Built Environment Program (24 UOC) offers foundational study in the field of Urban Development and Design for non-cognate disciplines. A four-year bachelor degree in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% or above. Applicants with a relevant bachelor degree in the following fields may be eligible to apply directly for the 8131 Master of Urban Development and Design or the 8141 Master of Urban Development and Design (Extension) programs.

Sustainable Built Environment

In our Sustainable Built Environment programs, you will consider different value systems in cultures which influence how communities shape their built environments. The masters degree will provide you with evidence-based tools to support all endeavors in the sustainable built environment. It will prepare you to become a specialised champion for change. A one year Graduate Diploma in Sustainable Built Environment is also available.

Master of Sustainable Built Environment (8132)

Duration: 1.7 years
Entry: February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements:
A minimum four-year bachelor degree or equivalent from a recognised tertiary institution in a relevant field such as the Built Environment disciplines or related areas such as environmental science or engineering is required for admission to the masters program. All applicants must have achieved a minimum of a credit average equivalent to a WAM of 65% or above) in their bachelor degree.

Graduate Certificate in the Built Environment (7131)

In the Graduate Certificate in the Built Environment, you will be given foundational study in the field of Urban Development and Design. You will take four courses to prepare you for the Master of Urban Development and Design, including Architecture and the City, Urban and Regional Planning, and Urban Design Graphics.

Entry requirements:
The Graduate Certificate in the Built Environment Program (24 UOC) offers foundational study in the field of Urban Development and Design for non-cognate disciplines. A four-year bachelor degree in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% or above. Applicants with a relevant bachelor degree in the following fields may be eligible to apply directly for the 8131 Master of Urban Development and Design or the 8141 Master of Urban Development and Design (Extension) programs.

Research

The higher degree research program at UNSW Built Environment, comprising Master of Philosophy, Masters by Research and PhD, provides the opportunity to shape the cities of the future and to improve the lives of people who live and work in them.

Our students enjoy a vibrant research culture that covers a multitude of topics, from design and construction to the policy and planning needed to support and promote innovation.

The higher degree research program benefits from a cohort drawn from almost every continent across the globe, focusing on tackling pressing environmental and societal challenges under the supervision of world-class academics and researchers, as well as leaders in the built environment professions.

Interdisciplinary clusters bring together teams working on important and emerging areas of built environment research, where we aim to engage, adapt and shape the cities of the 21st century – but always in a way that puts the planet and its people first.

Research areas:
- Building – Construction Management and Technology
- Design Practice and Management – Design History and Theory, Design Innovation, Design Management and Studio and Professional Practice, Digital and Interaction Design
- Land Use and Environmental Planning, Regional Analysis and Development
- Landscape Architecture

Research clusters
The Faculty’s research clusters are cross-disciplinary coalitions of staff and postgraduate research students organised around identifiable and emerging research strengths. Through engagement on common projects, publications and workshops, they capitalise on the synergies of individual research interests.

- Design Research Collaboration
- High Performance Architecture
- People and Place
- Smart Cities
- Urban Typologies

Entry requirements
7.0 Overall, 6.0 in each band

Estimated first year tuition: A$36,960

February, June and September

Duration
2 years

Research Programs

Master of Built Environment – by research (2240)

Duration 2 years
Entry February, June and September
Estimated first year tuition: A$36,960
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
Appropriate undergraduate degree with honours that includes a substantial research component, or a qualification or combination of qualifications considered equivalent.

Area(s) of Specialisation
- Architecture
- Building
- Construction and Project Management
- Sustainable Built Environment

Doctor of Philosophy – Built Environment (1120)

Duration 4 years
Entry February, June and September
Estimated first year tuition: A$36,960
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Candidates may transfer to PhD after one year of full-time enrolment in a master’s by research program under specific conditions. All students must complete and submit an expression of interest application, including a preliminary research proposal.

Area(s) of Specialisation
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy - Built Environment (2222)

Duration 4 years
Entry February, June and September
Estimated first year tuition: A$36,960
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee, or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Students can develop their own research topic within a built environment discipline or choose a specialised research project. Students will complete a coursework component comprising of 3 courses – Research Seminar (BENV7020) and 2 electives from any postgraduate coursework program at UNSW Built Environment.

Area(s) of Specialisation
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
At UNSW Business School we are committed to creating the next generation of business thinkers, leaders and entrepreneurs who will set the agenda on the global business stage. Our aim is to provide every graduate with the skills, networks, knowledge and know-how to stand out in the crowd and excel in today’s business world.

We are a high-impact, academically rigorous business school that enhances practice through innovative research. Our engagement, research and programs in the Asia-Pacific provide limitless opportunities across the world’s fastest growing economic market.

Big data has disrupted the skills and knowledge required of employees across functions to deliver value to their organisations. The demand for analytics capabilities has increased exponentially. UNSW Business School has introduced a suite of online analytics programs to meet this demand.

**Master of Analytics (8437)**
**Duration**: 2 years (online only)
**Entry**: January, February, March, May, September, October
**Estimated first year tuition**: A$46,740
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- An Australian bachelor degree, or equivalent qualification, with a weighed average mark (WAM) 65% or higher; or
- Successful completion of the Graduate Diploma in Analytics with a WAM of 65% or higher.

**Graduate Diploma in Analytics (5437)**
**Duration**: 1.5 years (online only)
**Entry**: January, March, May, July, September, October
**Estimated first year tuition**: A$46,740
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- An Australian bachelor degree, or equivalent qualification, with a weighted average mark (WAM) 65% or higher; or
- Successful completion of the Graduate Certificate in Analytics with a WAM of 65%.

**Graduate Certificate in Analytics (7457)**
**Duration**: 1 year (online only)
**Entry**: January, March, May, July, September, October
**Estimated first year tuition**: A$23,220
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- An Australian bachelor degree, or equivalent qualification; or
- Five years relevant work experience. For example, analytics, clerical or administrative work in a commercial of public service organisation, banking, finance or marketing.

**Master of Business Administration (Extension) (8307)**
**Duration**: 2.5 years
**Entry**: AGSM Session 1 (January)
**Estimated first year tuition**: A$46,250
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- You will need to gain entry to the full-time MBA program to apply to the MBA (Extension).

**Master of Business Administration (R350)**
**Duration**: 1.5 years
**Entry**: AGSM Session 1 (January)
**Estimated first year tuition**: A$26,250
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- A recognized bachelor degree (or equivalent qualification) and a minimum of two years' professional or managerial work experience, or;
- At least six years of professional work experience.

**AGSM MBAX (Online) (R625)**
**Duration**: 3 to 6 years part-time (online only)
**Entry**: February, June, September
**Estimated fees to complete**: visit agsm.edu.au
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- There are two pathways into the AGSM MBA program:
  - A strong undergraduate degree (or equivalent qualification) and a minimum of two years' professional or managerial work experience, or;
  - At least six years of professional work experience.

**Graduate Certificate in Change Management (7315)**
**Duration**: 1 – 3 years part-time (online only programs)
**Entry**: February, June, September
**Estimated first year tuition**: A$18,320
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band
**Entry requirements**
- There are two pathways into this program:
  - A recognized undergraduate degree (or equivalent qualification) and a minimum of 2 years professional or managerial work experience, or;
  - At least 6 years professional work experience.
Commerce

If you’re seeking expert knowledge in the field of business, the Master of Commerce is innovative, industry relevant and incorporates the latest thinking across industry and research. You can specialise by choosing from a range of disciplines to suit your interests and career aspirations. The Master of Commerce (Extension) program allows you to specialise in an additional business field.

A Graduate Certificate in Commerce is also available and includes four courses designed to equip you with foundation business knowledge, paving the way to a Master of Commerce.

Areas of specialisation
- Accounting
- Business Analytics
- Business Law
- Business Strategy
- Economics and Finance
- Enterprise Systems and Business Design
- Finance
- Global Sustainability and Social Enterprise
- Human Resource Management
- Innovation and Entrepreneurship
- International Business
- Management Accounting
- Marketing
- Marketing Analytics
- Organisation and Management
- Risk Management
- Supply Chain Management

Graduate Certificate in Commerce

Duration: 1.7 years
Entry February and September
Estimated first year tuition A$47,040
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
- A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher), as determined by UNSW Business School. For further assessment criteria visit business.unsw.edu.au/pg.

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Professional recognition
Depending on the specialisation chosen, the Master of Commerce meets the education requirement of various professional bodies including Australian Computer Society, Australian Human Resources Institute, Australian Securities and Investment Commission (RG-146), and Chartered Institute of Management Accountants.

Economics

With the Master of Economics, you will acquire advanced knowledge in economics from one of the world’s leading business schools and develop critical thinking and analytical skills vital for advanced research. You will be able to choose electives that are tailored to your interests and your intended professional development.

A Graduate Certificate in Economics is also available, which offers a pathway into the Master of Economics.

Areas of specialisation
- Business Economics
- Economics and Finance
- Enterprise Systems and Business Design
- Finance
- Global Sustainability and Social Enterprise
- Human Resource Management
- Innovation and Entrepreneurship
- International Business
- Management Accounting
- Marketing
- Marketing Analytics
- Organisation and Management
- Risk Management
- Supply Chain Management

Graduate Certificate in Economics

Duration: 0.7 years
Entry February and September
Estimated first year tuition A$23,520
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
- A recognised bachelor degree (or equivalent qualification) with a credit average overall, as determined by the UNSW Postgraduate Coursework Entry Calculator; and
- A major (at least 7 courses) in economics; and
- A substantial studies in intermediate level microeconomics, macroeconomics, and econometrics as well as mathematical and statistical methods within the bachelor degree; and
- A graduate certificate in Economics (equivalent to that offered at UNSW Business School) with a minimum overall average of 70%, as determined by the UNSW Postgraduate Coursework Entry Calculator.

Finance

With the Master of Finance, you will acquire advanced knowledge in finance, including investments, banking, services, and risk management. You will be able to choose electives that are tailored to your interests and your intended professional development.

A Graduate Certificate in Finance is also available, which offers a pathway into the Master of Finance.

Areas of specialisation
- Corporate Finance
- Finance (General)
- Funds Management

Graduate Certificate in Finance

Duration: 0.7 years
Entry February and September
Estimated first year tuition A$23,520
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
- A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and
- A recognised bachelor degree (or equivalent qualification) with a credit average overall, as determined by the UNSW Postgraduate Coursework Entry Calculator; and
- A major (at least 7 courses) in economics; and
- A substantial studies in intermediate level microeconomics, macroeconomics, and econometrics as well as mathematical and statistical methods within the bachelor degree; and
- A graduate certificate in Economics (equivalent to that offered at UNSW Business School) with a minimum overall average of 70%, as determined by the UNSW Postgraduate Coursework Entry Calculator.

Professional recognition
You may be eligible for Associate membership with the Financial Services Institute of Australasia (FINSIA) on completion of this degree.

Note: The Master of Finance was accepted into the University Recognition Program of the CFA Institute. The courses you will study in this program are closely tied to professional practice and can help students prepare for the CFA examinations.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
Financial Planning

Graduates seeking a rewarding career in personal financial and investment advice will be in good standing with the Master of Financial Planning. Taught by leading finance and taxation academics, the program is a comprehensive degree for those wishing to work with clients to build long-lasting, trusted relationships and provide sound financial guidance.

A Graduate Diploma in Financial Planning and Graduate Certificate in Financial Planning are also available and offer a pathway into the Masters program.

Master of Financial Analysis (8413)

Duration: 1 year
Entry: February and September
Estimated first year tuition: $47,040
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements

There are two categories of entry into this program:

Category A
- A recognised bachelor degree (or equivalent qualification) majoring in finance or accounting with a credit average (65% or higher), as determined by UNSW Business School. For further assessment criteria visit business.unsw.edu.au/pg.
- A recognised bachelor degree (or equivalent qualification) in commerce or finance with a credit average (85% or higher), as determined by UNSW Business School.

Category B
- A recognised non-business-related bachelor degree (or equivalent qualification) with a credit average (85% or higher), as determined by UNSW Business School, plus a minimum of two years full-time relevant work experience or the equivalent of a three year undergraduate degree.
- A recognised non-business-related bachelor degree (or equivalent qualification) with a credit average (80% or higher) in information systems or computer science, or computer science with a credit average (85% or higher) with at least two years full-time relevant work experience after completion of the degree.

Recognition of Prior Learning

Category A
- A recognised CPA qualification or the CIMA qualification, you may be granted one course credit.
- The minimum requirements for admissions are:
  - The equivalent of a four year bachelor degree (or equivalent qualification) with a credit average (65% or higher), as determined by UNSW Business School.
  - The equivalent of a three year undergraduate degree, plus a postgraduate degree in a relevant discipline from UNSW with an overall average grade of at least 75 (Distinction); or
  - The equivalent of multiple undergraduate degrees (e.g. a double degree) from UNSW with an overall average grade of at least 75 (Distinction); or
  - The equivalent of a four year bachelor degree with first or upper second class honours from UNSW in a relevant discipline.

Category B
- The minimum requirements for admissions are:
  - The equivalent of a three year undergraduate degree, plus a postgraduate degree in a relevant discipline from UNSW with an overall average grade of at least 75 (Distinction); or
  - The equivalent of a four year bachelor degree with first or upper second class honours from UNSW in a relevant discipline.
Professional Accounting

If you are a graduate seeking a career in accounting and want to gain expert knowledge and skills, the Master of Professional Accounting is for you. You will gain an excellent foundation in business with a strong accounting accuser, taught by industry experienced academics to gain professional recognition with leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting but adds four extra courses in your choice of electives to further your knowledge.

Professional recognition
Meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), ACCA (Accounting), and Institute of Public Accountants (IPA).

Entry requirements
A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher), as determined by UNSW Business School. For further assessment criteria visit business.unsw.edu.au/study.

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Areas of specialisation
• Taxation
• Financial Planning
• Management
• Marketing
• Risk and Actuarial Studies
• Management

Taxation

Master of Taxation (9250)

Duration 1 year
Entry February and September
Estimated first year tuition A$47,040
Minimum IELTS requirements: 7.0 Overall, 6.5 in each band

Entry requirements
A recognised bachelor degree (or equivalent qualification) in taxation, law, or commerce (including one taxation course) with a credit average (65% or higher), as determined by UNSW Business School, plus relevant professional work experience in professional services firms or government departments. For further assessment criteria visit business.unsw.edu.au/study.

Areas of specialisations
• Taxation
• Financial Planning
• Management

Applied Taxation: Contains the essential knowledge needed to provide effective tax advice as part of accounting, business management and advising work.

International Taxation: Develops an advanced international taxation knowledge base and advanced professional skills in the practical application of international tax.

Taxation: Develops an advanced knowledge base and advanced professional skills in taxation.

Entry requirements
A recognised bachelor degree (or equivalent qualification) with a credit average (65% or higher), as determined by UNSW Business School. For further assessment criteria visit business.unsw.edu.au/study.

Areas of specialisations
• Taxation
• Financial Planning
• Management

Research Programs

UNSW Business School is internationally recognised for world-class research and our research degrees are an opportunity to expand your knowledge in your chosen field.

You will be inspired to think profoundly and develop independent cutting-edge research. The higher degree research programs have been designed to equip students with the rigorous skills required for a future research career in the world’s elite institutions.

Choose to focus your research in one of the following disciplines:
• Accounting
• Banking and Finance
• Economics
• Information Systems
• Marketing
• Management
• Risk and Actuarial Studies
• Taxation and Business Law

Master of Philosophy (Commerce and Economics) (2588)

Duration 2 years
Entry February, June and September
Estimated first year tuition A$35,040
Minimum IELTS requirements: 7.0 Overall, 7.0 in writing and 6.5 in each band

Entry requirements
• An undergraduate degree and a coursework masters degree in a related discipline with an overall grade of distinction (75 per cent) or higher; or
• An undergraduate degree, and
• An equivalent academic qualification or research output in the form of publications or relevant work experience.

Areas of specialisation
• Accounting
• Actuarial Studies
• Banking and Finance
• Economics
• Human Resource Management
• Industrial Relations
• International Business
• Information Systems and Management
• Marketing
• Organisational Behaviour
• Strategy and Entrepreneurship
• Taxation and Business Law

Doctor of Philosophy

Duration 4 years
Entry February, June and September
Estimated first year tuition A$35,040
Minimum IELTS requirements: 7.0 Overall, 7.0 in writing and 6.5 in each band

Entry requirements
• The equivalent of a three-year undergraduate degree plus a postgraduate degree in a relevant discipline from UNSW with an overall average grade of at least 75 (Distinction), or
• The equivalent of multiple undergraduate degrees (E.g. a double degree) with at least one in a relevant discipline and an overall average grade of at least 75 (Distinction), or
• The equivalent of a four-year bachelor degree with first or upper second-class honours from a relevant discipline.
TOP 50 IN THE WORLD

In the 2019 QS World rankings for subjects, these UNSW Engineering subjects rank in the top 50: Minerals and Mining, 6th in the world; Civil Engineering, 12th in the world, and 1st in Australia; Chemical Engineering, 42nd in the world; Electrical Engineering, 36th in the world.

FIVE STAR RATING

Highest ranked university in Australia with a five star plus rating for research, employability, teaching, facilities, internationalisation, innovation and inclusiveness. QS Stars University Ratings 2019

QUALITY STUDENT EXPERIENCE

$1 billion investment in new facilities, including state-of-the-art laboratories, virtual reality cinemas and modern teaching spaces to enhance students’ learning experiences.

INVENT THE FUTURE

Through world-class education and research, UNSW Engineering brings passion and creativity to meet global challenges. We combine the world’s best facilities and research with an exciting and connected education experience to open doors for our graduates. We are innovation in action.

Career outcomes

Biomedical engineers
Chemical process engineers
Civil engineers
Computer scientists
Electrical engineers
Energy systems engineers
Environmental engineers
Food process engineers
Geothermal engineers
Manufacturing engineers
Materials engineers
Mechanical engineers
Mining engineers
Nuclear engineers
Petroleum engineers
Photovoltaics and renewable energy engineers
Project managers
Satellite systems engineers
Structural engineers
Sustainable systems engineers
Telecommunications engineers
Transport engineers
Water engineers
Wastewater and waste engineers
Biomedical Engineering

The Master of Biomedical Engineering aims to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. Students with either a medical/biological science or engineering/physical science background who want to further their education in this unique area will benefit. A Graduate Diploma program is also available.

Master of Biomedical Engineering (B600)

Note: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

Engineering Science

The Master of Engineering Science features complex, open-ended enquiry-based projects in 24 specialisations. The degree is designed for engineers and graduates seeking to develop and extend their technical knowledge and skills in their area of expertise and to add to their engineering management skills. A Graduate Diploma and Graduate Certificate in Engineering Science are also offered in numerous specialisations.

The Masters and Graduate Diploma of Engineering Science are offered in specialisations (streams) including:

- Biomedical Engineering (Masters only)
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geotechnical Engineering & Engineering Geology
- Geothermal Engineering
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Renewable Energy
- Satellite Systems Engineering (Masters only)
- Structural Engineering
- Sustainable Systems (Masters only)
- Systems & Control (Masters only)
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

Note: from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

Master of Engineering Science (S8338)

<table>
<thead>
<tr>
<th>Duration</th>
<th>2 years</th>
</tr>
</thead>
<tbody>
<tr>
<td>Entry February and September</td>
<td></td>
</tr>
<tr>
<td>Estimated first year tuition</td>
<td>$34,840</td>

<tr>
<td>Minimum IELTS requirements:</td>
<td>6.5 Overall, 6.0 in each band</td>
</tr>
</tbody>
</table>

Entry requirements
Recognised four-year degree in a relevant discipline of engineering or a three- or four-year engineering or science degree plus relevant professional experience with a minimum 65% average.

Specialisations
The Graduate Certificate in Engineering Science is offered in the following specialisations (streams):
- Civil Engineering
- Nuclear Engineering (11 intake only)

Note: from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.
Graduate Certificate in Petroleum Engineering (7343)

**Duration**: 1 year by distance

**Entry**: February and September

**Estimated first year tuition**: A$34,380

**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**
- Entry into the Graduate Certificate in Petroleum Engineering can be via two pathways:
  - **Entry pathway 1**: A three- or four-year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution with a minimum 60% average; or
  - **Entry pathway 2**: A relevant petroleum industry experience and/or responsibility in the upstream petroleum industry is required. Students are required to demonstrate work experience in the upstream petroleum industry (i.e. the exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

For entry pathway 2, a portfolio is to be provided to support the application for postgraduate coursework study. More details on handbook: [www.handbook.unsw.edu.au](http://www.handbook.unsw.edu.au)

[Open Learning program - see https://unsw.to/engpg-open-learning-program](https://unsw.to/engpg-open-learning-program) for further information.

**Note**: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

---

**Master of Food Science** (6037)

**Duration**: 2 years

**Entry**: February and September

**Estimated first year tuition**: A$45,840

**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**
- Students must hold either a bachelor degree in food science with honours and a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator; or
- A Graduate Diploma in Food Science from UNSW, or
- An equivalent qualification from another recognised university or tertiary institution.

**Specialisations**
- Students must complete 48 UOC of courses to be eligible for the Graduate Diploma in Food Science.

**Note**: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

---

**Information Technology**

Information technology is moving quickly—the Master of Information Technology is your opportunity to be at the forefront of creating future technologies. The degree will then you to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose up to two majors. A Graduate Diploma in Information Technology is also available and is suitable for those with little or no computing background.

**Specialisations**
- Students must complete either one or two of the following streams:
  - Artificial intelligence
  - Bioinformatics
  - Information Technology
  - Database Systems
  - eCommerce Systems
  - Internetworking
  - Data Science & Engineering

---

**Graduate Diploma in Information Technology** (6843)

**Duration**: 1.7 years

**Entry**: February and September

**Estimated first year tuition**: A$45,840

**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**
- At least a four-year undergraduate degree equivalent to a standard Australian bachelor degree in science or engineering, and a 75% average achieved overall; or
- A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and an average mark of 75% overall; or
- Completion of the Graduate Diploma in Information Technology (5143) and a minimum 70% average or no fails.

---

**Graduate Certificate in Computing** (7543)

Want to complete a short qualification in Computing? With the Graduate Certificate in Computing, you will study four advanced topics in complement or update your existing qualifications. Those with no Computing background can do four introductory courses before considering a higher qualification. You may be able to articulate to the Graduate Diploma in Information Technology.

**Entry requirements**
- A recognised three-year bachelor degree in science or engineering or a minimum of three years work experience in an appropriate area of engineering or science.

---

**Food Science**

Food scientists and graduates wishing to advance their skills, as well as engineers seeking to move into food science, will work on a complex, open-ended project-based research project as part of the Master of Food Science.

Gain a deep understanding of the agrifood project as part of the Master of Food Science. Students seeking to move into food science, will work on a complex, open-ended project-based research project as part of the Master of Food Science.

Students wishing to advance their skills, as well as engineers seeking to move into food science, will work on a complex, open-ended project-based research project as part of the Master of Food Science.

**Master of Food Science** (6037)

**Duration**: 2 years

**Entry**: February and September

**Estimated first year tuition**: A$45,840

**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**
- Students must hold either a bachelor degree in food science or a cognate discipline (such as chemical engineering or biochemistry), with an average mark of at least 65%; or
- An equivalent qualification from a recognised university or tertiary institution, in order to be admitted to the program.

**Specialisations**
- Students must complete 48 UOC of courses to be eligible for the Graduate Diploma in Food Science.

**Note**: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

---

**Diploma in Information Technology** (5543)

**Duration**: 0.7 years

**Entry**: February and September

**Estimated first year tuition**: A$23,900

**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**
- At least a three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a 70% average achieved overall; or
- Completion of the Graduate Certificate in Information Technology (5143) and an average mark of 70% overall or no fails.

---

**BSc/BA (Hons)**

**Duration**: 3 years

**Entry**: February and September

**Estimated first year tuition**: A$45,840

**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**
- At least a four-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and a 75% average achieved overall; or
- A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and an average mark of 75% overall; or
- Completion of the Graduate Diploma in Information Technology (5143) and a minimum 70% average or no fails.

---

**Food Science**

Food scientists and students in science or engineering or a minimum of three years work experience in an appropriate area of engineering or science.

**Graduate Certificate in Computing** (7543)

Want to complete a short qualification in Computing? With the Graduate Certificate in Computing, you will study four advanced topics in complement or update your existing qualifications. Those with no Computing background can do four introductory courses before considering a higher qualification. You may be able to articulate to the Graduate Diploma in Information Technology.

**Entry requirements**
- A recognised three-year bachelor degree in science or engineering or a minimum of three years work experience in an appropriate area of engineering or science.

Mining Engineering

If you're currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering and to choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

We are ranked 6th in the world for Engineering – Mineral & Mining QS World University Rankings by Subject, 2019

Specialisations
• Mine Geomechanics
• Mine Management

Master of Mining Engineering (8335)

Duration 1.7 years
Entry February
Estimated first year tuition A$45,840
Minimum IELTS requirements: 6.5 Overall; 6.0 in each band

Entry requirements
• A recognised four-year degree in mining engineering or a related engineering or physical sciences discipline from a recognised institution with a minimum WAM of 65%; or
• A three-year degree with a minimum WAM of 65% plus a minimum of one year relevant industry experience;
• A graduate certificate in mining from UNSW with a minimum WAM of 65% and no course fails
• With permission from the Head of School or Director of Postgraduate Studies (coursework).

Note: Students from a non-211 university in China need a minimum 75% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

Minimum IELTS requirements:

Entry

February

Duration

1 year

February , July and September

Entry requirements
• Relevant mining industry experience with vocational training. A minimum of 4 years of full-time relevant professional and/or responsibility in the mining industry; or
• A degree in another technical discipline from a recognised institution. Other technical disciplines as Surveying, Accounting, Business, Economics, Information Technology/Systems, Biology and Pharmacy for example. A minimum of 1 year relevant industry experience is essential for applicants with a 3 year degree and is highly regarded for applicants with a 4 year degree.

Entry is considered for each individual based on portfolio supporting the application, including details of relevant industry experience.

Note: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

Graduate Diploma of Mining Engineering (5335)

Duration 1 year
Entry February
Estimated first year tuition A$45,840
Minimum IELTS requirements: 6.5 Overall; 6.0 in each band

Entry requirements
• A recognised four-year degree in mining engineering or a related engineering or physical sciences discipline from a recognised institution with a minimum WAM of 65%; or
• A three-year degree with a minimum WAM of 65% plus a minimum of one year relevant industry experience;
• A graduate certificate in mining from UNSW with a minimum WAM of 65% and no course fails
• With permission from the Head of School or Director of Postgraduate Studies (coursework).

The School of Minerals and Energy Resources Engineering offers a Graduate Certificate in Mining Engineering (7335) to allow a more flexible entry mode for applicants who have limited tertiary qualifications.

Graduate Certificate in Mining Engineering (7335)

Duration 0.7 year by distance
Entry February
Estimated first year tuition A$22,905
Minimum IELTS requirements: 6.5 Overall; 6.0 in each band

Entry requirements
Entry to this program is based on:
• Entry pathway 1 – Relevant mining industry experience with vocational training. A minimum of 4 years of full-time relevant professional and/or responsibility in the mining industry; or
• Entry pathway 2 – A degree in other technical disciplines from a recognised institution. Other technical disciplines as Surveying, Accounting, Business, Economics, Information Technology/Systems, Biology and Pharmacy for example. A minimum of 1 year relevant industry experience is essential for applicants with a 3 year degree and is highly regarded for applicants with a 4 year degree.

Entry is considered for each individual based on portfolio supporting the application, including details of relevant industry experience.

Research

UNSW Engineering offers two higher degree research programs, a Doctor of Philosophy (PhD) and a Master of Philosophy (MPH) in Engineering. Both are available across all eight engineering Schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing knowledge of relevance both nationally and internationally.

Each degree requires submission of a thesis embodying the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia’s leading researchers.

• Photovoltaic Engineering (1655)

Entry requirements
An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Students should have been in contact with a potential supervisor before applying for the program.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
UNSW Law is a top-ranking law school and a global leader in innovative and progressive legal education and research.

Our industry-led curriculum is taught by some of the world’s leading scholars and professional legal practitioners. Our interactive small-class teaching ensures personalised engagement and effective learning with lecturers and peers.

We offer more clinics and internships than any other Australian law school, transforming what our students learn in the classroom into real-life practice.

At UNSW Law we’ll help you reach your potential and to build the knowledge and skills you need for a successful career in the legal profession and beyond.

Career outcomes

- Arbitrators
- Business consultants
- Civil litigators
- Corporate lawyers
- Criminal lawyers
- Environmental advocates
- Human rights lawyers
- Industrial relations specialists
- Intellectual property lawyers
- Legal advisors
- Non-government organisation advisors
- Policy administrators
- Public sector managers
- Refugee and displacement advocates

EXCELLENCE IN RESEARCH

UNSW research in Law achieved the highest possible rating (5 or "well above world standard") in the Excellence in Research for Australia Initiative (ERA).

EXTENSIVE GLOBAL STUDENT OPPORTUNITIES

Close to 50 per cent of our graduating students have had an international experience, either through exchange or undertaking one of our overseas electives.
Law

Master of Laws (2021)

Duration: 1 year
Entry February and September
Estimated first year tuition $45,840
Minimum IELTS requirements: 7.0 Overall, 6.5 in each band

The UNSW Master of Laws (LLM) is a highly-regarded, internationally-recognised postgraduate program designed to expand your legal knowledge and accelerate your career. Law graduates will find this program appealing as it allows them to acquire a new field of legal knowledge for career change, career advancement or professional development. For non-law graduates, the acquired legal knowledge and skills will be particularly useful in understanding how the law works in their industry.

Entry requirements
This program is open to law and non-law graduates. Please see the table below for the minimum entry requirements.

<table>
<thead>

<td></td>
</tr>
</tbody>
</table>

*Includes professional experience with legal and/or policy issues. For example, you may have engaged with the law via policy-making, handling contracts or engaging with the justice system as a social worker or criminologist.

Specialisations
Students will be able to choose from eight areas of specialisation that reflect UNSW Law’s expertise and the latest developments in legal education and research:

- Chinese and International Business and Economic Law
- Corporate, Commercial and Taxation Law
- Criminal Justice and Criminology
- Dispute Resolution
- Environmental Law and Sustainable Development
- Human Rights Law and Policy
- International Law
- Media, Intellectual Property and Technology Law

Alternatively, students can do a generalist LLM and choose courses from any or all of our specialisation areas. You will also have the option to enrol in up to two courses from other UNSW faculties.

Research programs

Juris Doctor (JD) (9150)

Duration: 3 years
Entry February and September
Estimated first year tuition $45,840
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. It’s designed for students who wish to pursue postgraduate studies in law but who don’t have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements
A recognised bachelor degree or equivalent qualification in any discipline other than law, or a recognised non-Australian law degree.

Professional recognition
The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to practice as a solicitor and barrister of the Supreme Court of NSW. To practice law in other countries you must satisfy the academic and accreditation criteria in the particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

UNSW Law has particular research strengths in:

- Constitutional and Administrative Law
- Corporate and Commercial Law
- Criminal Law, Criminal Justice and Criminology
- Environmental Law
- Evidence and Civil Procedure

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
UNSW Medicine is a pioneer of medical research and innovation, committed to turning discoveries into cures. Our leading educators, researchers, and clinicians are developing cures, therapies, and treatment strategies and turning high-achieving students into caring health professionals with globally recognised qualifications.

MODERNISE MEDICINE

UNSW Medicine is one of the world's top 100 medical schools, according to the QS World University Rankings by Subject, 2019.

TOP 100 MEDICAL SCHOOL

We are one of the world's top 100 medical schools, QS World University Rankings by Subject, 2019.

WORLD-CLASS BIOMEDICAL RESEARCH PRECINCTS

The refurbished Wallace Wurth building, together with the Lowy Cancer Research Centre and Biological Sciences Building, form a world-class biomedical research precinct at UNSW.

With the extension of our footprint in the South West Sydney region, UNSW Medicine is an important player in the elaborate vision of UNSW to lead in the broader health education and research development of Sydney.

WORLD LEADER IN MEDICAL RESEARCH

We are a world leader in medical research, particularly in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and non-communicable diseases.

Career outcomes

- Bioinformaticians
- Biotechnology specialists
- Clinical research associates
- Clinical trial managers
- Geneticists
- Health data scientists
- Health economics
- Health promotion
- Infectious disease control
- Laboratory technicians
- Medicinal chemists
- Microbiologists
- Nanotechnologists
- Pharmaceutical developers
- Pharmaceutical medical affairs managers
- Pharmacologists
- Public health policy
- Research scientists
Health Management

The Master of Health Management aims to promote health leadership in areas of strategic planning, policy and decision making. It emphasizes understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. A Master of Health Management (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs.

Master of Health Management (8901)

Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in a discipline cognate to health sciences, biomedical or biological sciences, dentistry, pharmacy, public health, veterinary sciences, psychology and psychosocial sciences, statistics, mathematical sciences, computer science, health economics, data science and other (case-by-case).

Graduate Diploma of Health Management (5172)

Duration 1 year full-time or 2 years part-time
Entry February
Estimated first year tuition A$22,800
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• Bachelor degree in health, law, criminology, or other relevant discipline plus Honours/postgraduate qualifications in one of these disciplines or a minimum of two years professional experience in health, law, criminology, or other relevant discipline.

Graduate Certificate in Health Management (7312)

Duration 1 year part-time by distance learning
Entry February and September
Estimated first year tuition A$15,240
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• Bachelor degree in health, law, criminology, or other relevant discipline plus Honours/postgraduate qualifications in one of these disciplines or a minimum of two years professional experience in health, law, criminology, or other relevant discipline.

Health Data Science

The Master of Science (Health Data Science) covers subjects from the comprehension of complex health issues, through data arranging and managing to learning and data mining, data analytics, and data modelling and communication. The degree is intended for those new to the field or already working and keen to develop their knowledge. Graduate Diploma and Graduate Certificate programs are also available.

Master of Science in Health Data Science (9372)

Duration 1.7 years full-time or 3 years part-time
Entry February
Estimated first year tuition A$38,910
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in a discipline cognate to health data science (see cognate list below); or
• An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
• Completion of a Graduate Diploma of Health Data Science; or
• Postgraduate qualification equivalent or higher than Graduate Diploma of Health Data Science (9372) on a case-by-case basis.

Graduate Diploma of Health Data Science (9371)

Duration 1 year full-time or 2 years part-time
Entry February
Estimated first year tuition A$16,800
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in a discipline cognate to health data science (see cognate list below); or
• An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
• Completion of a Graduate Certificate in Health Data Science (9372) or equivalent/ higher qualification on a case-by-case basis.

Graduate Certificate of Health Data Science (9373)

Duration 0.7 year full-time or 1 year part-time
Entry February
Estimated first year tuition A$7,160
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in a discipline cognate to health data science (see cognate list below); or
• An undergraduate degree at an honours level (or above) in a non-cognate discipline; or
• Completion of a Graduate Certificate in Health Data Science (9372) or equivalent/ higher qualification on a case-by-case basis.

Forensic Mental Health

Designed for mental health professionals— including medical practitioners, nurses and psychologists—the Master of Forensic Mental Health provides comprehensive training in forensic mental health. The course is open to members of the legal, policing and correctional professions. You will develop your capacity to assess and manage individuals from diverse backgrounds. Graduate Diploma and Graduate Certificate programs are also available.

Master of Forensic Mental Health (9012)

Duration 2 years part-time by distance learning
Entry February and September (February commencement recommended)
Estimated first year tuition A$30,480
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
A bachelor degree in health, law, criminology, or other relevant discipline plus Honours/postgraduate qualifications in one of these disciplines or a minimum of two years professional experience in health, law, criminology, or other relevant discipline.

Graduate Diploma in Forensic Mental Health (5512)

Duration 1.3 years part-time by distance learning
Entry February and September (February commencement recommended)
Estimated first year tuition A$22,800
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
Bachelor degree in health, law, criminology, or other relevant discipline plus Honours/postgraduate qualifications in one of these disciplines or two years professional experience in health, law, criminology, or other relevant discipline.

Graduate Certificate in Forensic Mental Health (7312)

Duration 1 year part-time by distance learning
Entry February and September
Estimated first year tuition A$15,240
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
Bachelor degree in health, law, criminology, or other relevant discipline plus Honours/postgraduate qualifications in one of these disciplines or two years professional experience in health, law, criminology, or other relevant discipline.
From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.

Minimum IELTS requirements
February and September
2 years

Please see Master of Health Management (8901).

Master Public Health (Extension)/Master of Health Management (9056)

Duration 2 years
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band

The Master of Public Health and Master of Public Health (Extension) double degree will help you to develop research skills in public health and gain the advanced disciplinary knowledge to undertake population health and health services management roles in government, community and health service settings in Australia and internationally.

Entry requirements
Please see Master of Health Management (9051).

Master International Public Health (Extension)/Master of Health Management (9058)

Duration 2 years
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band

The Master of International Public Health (Extension) and Master of Public Health (Extension) double degree is an innovative approach to postgraduate health education, enabling you to specialise in both international public health and health management, and complete a research project in international public health.

The double degree meets a well-recognised need to strengthen public health, health leadership and health management capacities within resource-constrained settings in global contexts.

Entry requirements
Please see Master of Health Management (9057).

Infectious Diseases Intelligence

The Master of Infectious Diseases Intelligence is designed to give stakeholders from any sector a better understanding of infectious disease intelligence in the era of new and emerging disease threats. The program is essential study for a career in health emergencies, outbreak intelligence, infectious diseases risk assessment and emergency response related to infectious diseases.

Graduate Diploma in Infectious Diseases Intelligence (8362)

Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band

This program articulates with a range of other master degrees, including in International Health.

Graduate Certificate in Infectious Diseases Intelligence (7362)

Duration 0.7 year full-time or 1 year part-time by distance learning
Entry February and September
Estimated first year tuition A$22,800
Minimum IELTS requirements 6.5 Overall, 6.0 in each band

This program articulates with a range of other master degrees, including in International Health.

Pharmaceutical Medicine

Master of Pharmaceutical Medicine (9370)

Duration 1 year full-time or 2 years part-time by distance learning
Entry February, June, September
Estimated first year tuition A$34,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band

Looking to enter a key role in the pharmaceutical industry? The Master of Pharmaceutical Medicine provides high-level education in all aspects of medicines used for therapeutic treatment. The degree offers wide-ranging graduate opportunities, including in early-stage research and development, clinical trials, pharmacovigilance, regulatory affairs, medical affairs and pharmacoeconomics.

Entry requirements
3 year undergraduate degree in a cognate discipline plus at least one year of relevant industry experience or 4 year undergraduate degree or higher qualifications in a cognate discipline.

Professional recognition
The Pharmaceutical Medicine program is supported strongly in Australia by peak industry organisations and internationally by the Drug Information Association.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
Public Health

The Master of Public Health will prepare you for education, research and service in all aspects of public health, by providing a sophisticated understanding of the multidisciplinary area of public health. You will acquire a deep understanding and skills for research, professional practice and further learning. A Master of Public Health (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs.

Master of Public Health (9045)
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in a field relevant to public health or health management (see list below)** and at least 2 years’ full-time professional or voluntary work experience. This may also include equivalent professional experience acquired as part of a degree of 4 or more years duration (e.g. MBBS, MD) or
• An undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below)**

**Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biometrical sciences, dentistry, social work, sociology, behavioural and social sciences, social work, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and obstetrics, economics, policy studies, and development studies.

Specialisations
The following specialisations are available in the Master of Public Health program:
- Aboriginal Health and Wellbeing
- Health Economic Evaluation
- Health Promotion
- Infectious Diseases Epidemiology and Control
- International Health
- Primary Health Care
- Public Security
- Quantitative Research Methods
- Social Research

Graduate Diploma in Public Health (9046)
Duration 1.7 years full-time or 3 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• Please see Master of Public Health (9045).

Master of Public Health/International Public Health (Extension) (9052)
Duration 2 years
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• Please see Master of Public Health (9045).

The Master of International Public Health (Extension) allows high-achieving students to extend their career by completing additional courses and a research project in international public health. The Master of Public Health is essential for a career in population health. This combination of degrees will cultivate sophisticated knowledge and skills in public health in both local and global settings.

Graduate Certificate in Public Health (7389)
Duration 0.7 year or 1 year part-time by distance learning
Entry January
Estimated first year tuition A$22,800
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• Please see Master of Public Health (9045).

Master of Public Health/Infectious Diseases Intelligence (9053)
Duration 1.3 years full-time or 3 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• Please see Master of Infectious Diseases Intelligence (8362)

The Master of Public Health and Master of Infectious Diseases Intelligence is a double degree providing essential skills for those pursuing a career in public health with a focus on infectious diseases epidemiology and control. The dual program enables students to better understand infectious diseases in the era of new and emerging disease threats.

Entry requirements
• Please see Master of Infectious Diseases Intelligence (8362)

Graduate Diploma in Public Health (9060)
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$40,650
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in medicine, nursing, health sciences and:• An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health science; or• Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or
• 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, or health science.

Men’s Health

The Master of Men’s Health will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of men's health. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

Master of Men’s Health (9014)
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$30,480
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in medicine, nursing, health, or medical science and:• An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health science; or• Commitment to ongoing education and professional development as required by most professional organisations and bodies both in Australia and internationally.

Women’s Health

The Master of Women’s Health will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of women’s health. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

Master of Women’s Health (7014)
Duration 1 year or 1 years part-time by distance learning
Entry February and September
Estimated first year tuition A$15,240
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in medicine, nursing, health, or medical science and:• An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health science; or• Commitment to ongoing education and professional development as required by most professional organisations and bodies both in Australia and internationally.

Reproductive Medicine

The Master of Reproductive Medicine will provide GPs, family planning practitioners and specialist gynaecologists who work in menopause and infertility with detailed understanding of reproductive medicine. The program will give an advanced understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate Diploma and Graduate Certificate programs are also available.

Master of Reproductive Medicine (9066)
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in medicine, nursing, health, or medical science and:• An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health science; or• Commitment of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or
• 1 year full-time equivalent of postgraduate professional experience in medicine, nursing, or health science.

Graduate Diploma in Reproductive Medicine (9508)
Duration 0.7 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$22,800
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
• An undergraduate degree in medicine, nursing, health, or medical science and:• An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing, or health science; or• Commitment of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or
• One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science.

Women’s Health

The Master of Women’s Health will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of women’s health. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

Master of Women’s Health (9014)
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September

Doctor of Philosophy in Public Health and Community Medicine

Duration 4 years

- Entry February, June and September

- Estimated first year tuition A$48,000

- Minimum IELTS requirements
  6.5 Overall, 6.0 in each band

- Entry requirements
  An appropriate bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis, or MBBS (from an Australian or New Zealand university) or professional experience as acceptable to the Faculty Higher Degree Committee, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au

Doctor of Philosophy in Forensic Mental Health

Duration 2 years

- Entry February, June and September

- Estimated first year tuition A$37,920

- Minimum IELTS requirements
  6.5 Overall, 6.0 in each band

- Entry requirements
  An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee, or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.
UNSW SCIENCE

TOP 50 IN THE WORLD
Your fellow students will be bright and inquisitive high achievers attracted by the high ranking of our scientific research schools. Our school rankings include 21st for Psychology, 33rd for Earth & Marine Sciences and 35th for Materials Science in the QS World University Rankings by Subject 2019.

WORLD-CLASS FACILITIES
At UNSW Science you can access world-class laboratories, clinics and simulators that will equip you with the tools to explore new frontiers and make profound discoveries to benefit society.

RESEARCH AND TEACHING EXCELLENCE
We offer excellence and innovation in teaching and our staff, who are award-winning research leaders in their respective fields, will help you achieve your goals. Our eminent academics include Dean of Science Professor Emma Johnston; Nobel Prize winner for Chemistry Sir Fraser Stoddart; quantum physicist and 2018 Australian of the Year Professor Michelle Simmons; and materials science innovator Professor Veena Sahajwalla.

Aviation

Developed in consultation with industry, the Master of Aviation Management aims to provide managers and professionals with the skills and knowledge to be effective in contemporary aviation management. It is designed for students who have a degree and relevant industry experience or those who do not have a degree but who have at least one year of relevant industry experience can enrol in the Graduate Diploma program. Both programs are taught entirely by distance education.

Graduate Diploma in Aviation Management (8741)

Duration 2 years by distance learning
Entry February and September
Estimated first year tuition A$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Applicants must have a recognised three-year bachelor degree in Aviation or a cognate discipline such as the following: Science, Engineering, Psychology, Management, Economics, Commerce. Applicants with a minimum six months’ relevant industry experience may be eligible for advanced standing (also known as credit transfer, or recognition of prior learning (RPL)). More information on the different entry groups can be found at https://degrees.unsw.edu.au/master-of-aviation-management.

Entry requirements
Minimum IELTS requirement is at least one year of relevant industry experience. Applicants with more experience may be eligible for advanced standing and complete the diploma in less time.

Master of Aviation Management (8741)

Duration 1 year by distance learning
Entry February and September
Estimated first year tuition A$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Applicants must have a Bachelor of Science degree with a major in mathematics or statistics; and have completed a Bachelor of Mathematics or a Bachelor of Science undergraduate degree with a major in mathematics or statistics; and have sufficient mathematical/statistical background, as indicated by an average of 50–65% plus approximately five years’ professional experience in a relevant field such as in the materials processing or testing industry.

Financial planning, analysing business risks and managing investment portfolios - all these disciplines rely heavily on mathematical modelling. The Master of Financial Mathematics offers high-level training in the principles of modern financial and mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques.

Entry requirements
Completion of a mathematics or statistics major within a Bachelor of Science or Bachelor of Mathematics program, or a degree in a related area. Sufficient mathematical/statistical background, and an average above 65% in relevant level III mathematics and/or statistics university courses.

Biotechnology and Biomolecular Sciences

Graduate Diploma (Research) (8304)

Duration 1 year
Entry February and September (entry is dependent on the availability of a suitable academic supervisor)
Estimated first year tuition A$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Graduate Diploma (Research) aims to give you specialised knowledge and research training in disciplines within the Faculty of Science. The Biotech & Biomolecular Science specialisation provides you with the option to study courses like Marine Microbiology, Research techniques and Advanced Topics in Biotechnology and Biomolecular Sciences.

Entry requirements
To be accepted for admission into the program, students are typically expected to have a bachelor degree with a good pass in a related but not necessarily directly relevant discipline to their chosen area of study. Applicants with substantial professional experience which demonstrates an aptitude for research or significant understanding in a discipline area will be considered for admission. These students will need to include a written submission with their application detailing their professional experience and its relevance to undertaking a research program, and also a statement of service from their employer verifying the position, risk and responsibilities, and duration of employment. It is essential that you identify an appropriate academic supervisor in BABS and obtain their agreement prior to submitting an application. Once students have located a suitable supervisor, they should lodge an application.

Graduate Diploma in Biotechnology and Biomolecular Sciences (8741)

Duration 2 years by distance learning
Entry February and September
Estimated first year tuition A$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Applicants must have a recognised three-year bachelor degree in Biotechnology or a cognate degree such as the following: Science, Engineering, Psychology, Management, Economics, Commerce. Applicants with a minimum six months’ relevant industry experience may be eligible for advanced standing (also known as credit transfer, or recognition of prior learning (RPL)). More information on the different entry groups can be found at https://degrees.unsw.edu.au/master-of-aviation-management.

Marine Science and Management

Master of Marine Science and Management (8721)

Duration 1.7 years
Entry February and September
Estimated first year tuition A$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

A graduate certificate or graduate diploma in Marine Sciences with a WAM greater than 65% or above in level III mathematics and/or statistics university courses.

Coastal management, marine ecology and conservation, and physical-biological oceanography and modelling are all part of the Master of Marine Science and Management. This degree is offered between UNSW and three Sydney Institute of Marine Science partner universities, taking you beyond traditional courses to address new approaches to marine sciences.

Entry requirements
The entry requirement for the MMarSciGt is one of the following:
• A Bachelor of Science degree with a weighted average mark (WAM) of 65% or greater.
• The BSc degree may be in any discipline of Science or Engineering; or
• A Bachelor of Science Honours degree in any Science discipline; or
• A Bachelor of Science degree with a WAM of 50–65% plus at least five years’ professional experience in a relevant field of marine science or environmental science; or
• Any degree with an appropriate Science or Engineering major with numerical or data handling skills plus at least five years’ professional experience in a relevant field of marine science or environmental science.

Material Technology

Master of Materials Technology (8717)

Duration 2 years
Entry February and September
Estimated first year tuition A$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
The minimum entry requirement for the Master of Materials Technology is one of the following:
• A bachelor degree with a 3 year study and a minimum weighted average mark (WAM) of 65%. The bachelor degree needs to be in a cognate science or engineering discipline; or
• A graduate certificate or graduate diploma in the Materials Sciences with a WAM greater than 65%; or
• An honours degree at a recognised university in cognate science or engineering discipline; or
• A bachelor degree with a minimum WAM of 50–65% plus approximately five years’ professional experience in a relevant field.
Graduate Diploma in Mathematics and Statistics (6569)

Duration 1 year
Entry February and September
Estimated first year tuition A$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. The Graduate Diploma in Mathematics and Statistics is a flexible program intended to provide you with a degree involving a significant quantitative component. You can sample a variety of areas for specialisation in further study.

Entry requirements
A mathematics or statistics degree in a science and/or mathematics program, or a degree in a related area, sufficient mathematical/statistical background, and an average above 65% in third-year mathematics/statistics university courses or higher.

Graduate Certificate in Mathematics and Statistics (7699)

Duration 0.7 year
Entry February
Estimated first year tuition A$21,600
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Are you interested in a maths and stats degree with a significant quantitative element, such as Science, Engineering or Finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program aimed at deepening your knowledge from undergraduate studies.

Entry requirements
A mathematics or statistics degree in a science and/or mathematics program, or a degree in a related area, sufficient mathematical/statistical background, and an average above 65% in third-year mathematics/statistics university courses or higher.

Optometry and Vision Science

Master of Optometry (8073)

Duration 1.7 years online
Entry February
Estimated first year tuition A$43,530
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

New and established practitioners with an undergraduate degree in optometry will benefit from the Master of Optometry, which aims to provide advanced knowledge and clinical skills in vision science. You will develop expertise in fields such as visual neuroscience, myopia control, occupational optometry and community eye health.

Entry requirements
Admission is limited to students with a minimum of a three-year undergraduate degree in optometry with a credit average (85% or above).

Master of Psychology (Clinical) (8256)

Duration 2 years
Entry February
Estimated first year tuition A$43,530
Minimum IELTS requirements: 7.0 Overall, 7.0 in each band

The Master of Psychology (Clinical) is a two-year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years* with honours class 1 (85%), or upper second class honours (75%) in each equivalent. Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

Entry requirements
An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%) or equivalent. Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

Admission is based on academic merit, two referee reports, and performance at an interview. Interviews are held at UNSW in late November/December, but may be offered remotely in limited circumstances. It may also depend on the availability of adequate supervision and research infrastructure.

Minimum entrance requirements for admission to UNSW Sydney also apply.

Psychology

Master of Psychology (Forensic) (8257)

Duration 1.7 years online*
Entry Six intakes throughout the year
Estimated first year tuition A$43,200
Minimum IELTS requirements: 7.0 Overall, 7.0 in each band

The Master of Psychology (Forensic) is a one-year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years* with honours class 1 (85%), or upper second class honours (75%) in each equivalent. Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

Entry requirements
An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years* with honours class 1 (85%), or upper second class honours (75%) in each equivalent. Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

Admission is based on academic merit, two referee reports, and performance at an interview. Interviews are held at UNSW in late November/December, but may be offered remotely in limited circumstances. It may also depend on the availability of adequate supervision and research infrastructure.

Minimum entrance requirements for admission to UNSW Sydney also apply.

Graduate Diploma in Psychology (5331)

Duration 1.7 years online*
Entry February
Estimated first year tuition A$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Graduate Diploma in Psychology enables graduates in other disciplines to complete an accredited three-year sequence in Psychology in 1.7 years, allowing them to progress to further accredited training in professional psychology. This program is delivered fully online and is accredited by The Australian Psychology Accreditation Council (APAC).

Entry requirements
Students must hold an undergraduate bachelor's degree in any discipline or a higher university qualification. Minimum entrance requirements for admission to UNSW Sydney also apply.

Offshore international students are not eligible for an Australian student visa for this program.

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.

Research

UNSW has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields. Our commitment to research-focused teaching and our close links with industry provide exceptional higher degree research opportunities.

Research programs

Master of Science (Research)

Duration 2 years

Entry February, June and September

Estimated first year tuition A$44,400

Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Biotechnology (2036)
Chemistry (2913)
Climate Sciences (2476)
Geography (2404)
Geology (2000)
Materials Science and Engineering (0055)
Materials Science and Engineering (Master of Engineering, Research) (2175)
Mathematics (2900)
Microbiology and Immunology (2490)
Optometry (2090)
Physics (2030)
Psychology (2460)

Vision Science (2487)

Entry requirements
An appropriate bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Specialisations
- Biotechnology and Biomolecular Sciences
- Chemistry
- Climate Sciences
- Geography
- Geology
- Materials Science and Engineering
- Materials Science and Engineering (Master of Engineering, Research)
- Mathematics
- Microbiology and Immunology
- Optometry
- Physics
- Psychology
- Vision Science

Doctor of Philosophy (Research)

Duration 3 - 4 years

Entry February, June and September

Estimated first year tuition A$44,400

Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Aviation (1900)
Biochemistry & Molecular Genetics (1410)
Biological Science (1435)
Biotechnology (1036)
Chemistry (1810)

Climate Science (1476)
Environmental Management (1425)
Geography (1080)
Geology (1000)
Mathematics and Engineering (1045)
Microbiology and Immunology (1440)
Optometry (1860)
Physics (1890)
Psychology (1400)
Vision Science (1487)

Entry requirements
An appropriate four-year bachelor degree with first or upper-second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy/Master of Psychology

Duration 4 years

Entry February

Estimated first year tuition A$44,400

Minimum IELTS requirements:
7.0 Overall, 7.0 in each band

Psychology (Clinical) (1404)
Psychology (Forensic) (1405)

Doctor of Clinical Research in Optometry (Professional Doctorate) (1747)

Duration 4 years

Entry February, June and September

Estimated first year tuition A$44,400

Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Standard Entry Pathway:
- A minimum 1 year post-qualifying professional experience in clinical practice;
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A minimum 1 year post-qualifying professional experience in clinical practice;
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A masters (coursework) degree with a distinction average and a significant research component, minimum equivalent 18 UOC consisting of methodology training and a stand-alone research project.

Advanced Standing Entry Pathway:
- A minimum 1 year post-qualifying professional experience in clinical practice;
- A demonstrated capacity for independent research under the guidance of a supervisor at the doctoral level (as defined by the UNSW Higher Degree Research Admissions and Pathways Guideline Version: 1.0 Effective 15 October 2014); and
- A masters (coursework) degree with a distinction average and a significant research component, minimum equivalent 18 UOC consisting of methodology training and a stand-alone research project.
Working at the intersection of a leading university and a military academy, UNSW Canberra at the Australian Defence Force Academy has been educating leaders for half a century.

Our graduates shape Australia, the region and the international community as leaders in government, business and industry as well as defence.

We are regarded as a premier education provider excelling in teaching and research in all our disciplines, and our Defence and non-Defence students study with us from 42 countries around the world.

We offer fully online and intensive delivery mode study options for our postgraduate coursework students (Master by Coursework), and excellent facilities and a supportive and stimulating environment for our postgraduate research students.

UNSW CANBERRA

EDUCATING LEADERS

STUDY ANYWHERE ANYTIME AT YOUR CONVENIENCE

We understand that our students are balancing study with work, family and other important parts of their lives, which is why we have created online, flexible master's degrees, and master's degrees delivered through intensive delivery mode (IDM).

WORLD-CLASS RESEARCH DEGREE

When you choose a postgraduate research degree at UNSW Canberra you will not only leave with a highly respected and internationally recognised qualification but you will have the chance to work with leading academics and researchers in your chosen field, and have access to state-of-the-art facilities.

THE BEST CITY IN THE WORLD TO LIVE IN

Don’t just take our word, because it’s official. The highly-respected Numbeo Quality of Life Index rated Canberra as No.1 global city in 2017, 2018 and 2019 – based on a range of factors including safety, climate, health care, commute time, pollution and purchasing power.

Cyber Security

Master of Cyber Security (8628)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Cyber Security course provides detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Students can choose to complete the general Master of Cyber Security program or one of the following specialisations:
- Digital Forensics
- Advanced Tradecraft

Master of Cyber Security Operations (8629)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Cyber Security Operations gives students a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This coursework degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations. Through UNSW’s PLuS Alliance partnership, our students have access to courses at Arizona State University (ASU) in USA and King’s College in the UK.

Master of Cyber Security, Strategy and Diplomacy (8631)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher-level management aspects of issues where cyber security, strategy and diplomacy intersect. Through UNSW’s PLuS Alliance partnership, our students have access to courses at Arizona State University (ASU) in the USA and King’s College in the UK.

UNSW Canberra Postgraduate course programs
Courses within the Master by coursework programs at UNSW Canberra are delivered through distance (online) and/or intensive delivery mode (IDM). International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa for this program.

Distance Mode (online):
- Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as ‘online courses’, as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

Intensive Delivery Mode (IDM):
- Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visa to Australia in order to attend IDM courses.

Business

Master of Business (6386)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Business aims to develop excellent managers for the public, private and not-for-profit sectors, including defence. It provides students with an advanced understanding of the concepts and principles that underpin effective management, business decision making and leadership as well as analytical skills they can use throughout their career.

Master of Capability Management (8399)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Capability Management gives students a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

Master of Decision Analytics (8634)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Decision Analytics is designed for students who want to develop a high-level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows students to acquire qualitative and quantitative decision-making tools for analysing complex operations environments and making appropriate decisions within those environments.

Master of Logistics Management (8664)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Logistics Management (MLogHMgt) covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops students’ understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

People Management

Master of Strategic People Management (8663)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

Engineering Science

Master of Engineering Science (8669)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Engineering Science provides the opportunity to acquire high-level understanding and advanced analytical skills in areas that span the engineering disciplines as well as project management. There is a strong emphasis on extending undergraduate skills and vocational experiences to enable graduates to apply high-level understanding to real-world complex engineering problems. It is a very flexible degree where students can acquire knowledge in different areas in engineering.

Master of Systems Engineering (8667)
Duration 1 year by distance (full-time equivalent)
Entry March and July
Estimated first tuition A$37,920
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band
The Master of Systems Engineering will help you develop a high-level understanding of the principles and practices of systems engineering and their implementation through the design, development and application phases. You can specialise in electronic warfare, networking, space systems, test and evaluation, weapons and ordnance, marine engineering, simulation and reliability engineering.

**Public Leadership**

The Master of Public Leadership and Policy equips students with the skills to combine courses focused on public leadership along with electives addressing broader issues related to local, national, and global policy.

**Security and Defence Management**

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

**Space Engineering**

The Master of Space Engineering is designed for those who wish to develop a high-level understanding of the principles and practices of engineering related to space systems. Core courses cover topics such as Space Operations and Global Navigation Satellite Systems, while electives include Satellite Communications and Information Assurance Principles.

**Master of Space Operations**

The Master of Space Operations is designed for those who wish to gain a more detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of space systems. Core courses cover topics such as Space Operations and Space Systems Technology, while electives include Spaceborne Imaging Technology and Capabilities Option Analysis.

**Strategy and Security**

The Master of Strategy and Security is designed for postgraduate scholars and foreign affairs, security and defence professionals who want to gain a deeper and more advanced understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government’s new security agenda.

**Sustainability Management**

The Master of Sustainable Management provides students with an opportunity to develop a detailed understanding of the managerial and technical skills and expertise relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop ability to procure capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

**War Studies**

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It hones analytical and interpretative skills within a wide range of military-related courses.

*Offshore international students are not eligible for an Australian student visa for this program.*
UNSW Canberra Higher Degree Research Programs

Students who would like to undertake a more thorough exploration of a field or topic can do so through a higher degree research program. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD). The major component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. A research student works more independently than a postgraduate coursework student, but is under the direction of an academic supervisor or a supervisory panel of academic staff. Offshore international students are eligible for an Australian student visa.

Full details on all research programs, applications, scholarships and support services can be found at: www.adfa.edu.au/study/postgraduate-research.

Research programs

Master of Arts by Research (2436)
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Master of Business by Research (2223)
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Master of Engineering by Research
Duration 1.5 - 2 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Doctor of Information Technology (1743)
Duration 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Philosophy
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Public Leadership (Professional Doctorate) (1751)
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Public Management (Professional Doctorate) (1739)
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Systems Engineering (1741)
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Cyber Security (Professional Doctorate) (1748)
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Physical Science (Professional Doctorate) (1749)
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Public Administration (Professional Doctorate) (1750)
Duration 3 - 4 years
Entry February, June and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Master of Business (2226)
Duration 2 years
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Master of Science by Research
Duration 1.5 years
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with honours from UNSW; or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Master of Philosophy
Duration 1.5 - 2 years
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Doctor of Philosophy
Duration 3 - 4 years
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Public Leadership (Professional Doctorate) (1751)
Duration 3 - 4 years
Entry February and September
Estimated first year tuition A$36,000
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

Doctor of Public Management (Professional Doctorate) (1739)
Duration 3 - 4 years

Postgraduate coursework - how to apply

Step 1
Choose your program
Choose your program at international.unsw.edu.au or from our International Student Guide and make a note of the program code.

Step 2
Check your entry requirements
You need to satisfy your program's entry requirements (see from page 40 for the requirements specific to your program). You also need to satisfy UNSW’s English language requirements (see page 104 and visit www.edu.au/elp).

Step 3
Submit your application online
Submit your application at UNSW Apply Online apply.unsw.edu.au. Click 'Register now' and fill out your details. Upload your supporting documents and pay your application fee.

Step 4
Track your application
Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.
Once you have provided all the necessary documentation, it should take 2–3 weeks for UNSW to assess your application.

Step 5
We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

Step 6
Accept your offer
If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic confirmation of enrolment (eCoE).

Step 7
Enrol online
Once enrolment for your degree is available, you can enrol in your degree and courses online at myUNSW my.unsw.edu.au.

Coursework scholarships

A wide range of scholarships are available for international students.

UNSW postgraduate coursework scholarships
UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at Australia's global university. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities such as leadership skills or contributions to the wider community.

To be considered for a scholarship, you must submit a separate application in addition to your admission application for UNSW.

Other scholarship providers
There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

Australian government scholarships
Australia Awards are international scholarships and fellowships funded by the Australian government offering the next generation of global leaders an opportunity to undertake study, research, and professional development. For more information, go to www.australiaawards.gov.au.

Other scholarship providers
There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships go to scholarships.unsw.edu.au.
Higher Degree Research

UNSW is one of the world's leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant research community conducting world-changing research, and you will be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel, network with or be mentored by high achievers in your field, and build the skills, expertise and networks you need to succeed in the future.

Why UNSW?

UNSW prepares you for a research career, not just a degree. When you join UNSW, you become an essential part of the research community and play a vital role in the University's research culture, output and performance.

Our world-class researchers are pioneers in both established and emerging fields who solve complex problems and tackle some of the major challenges of our time. They mentor and guide you to conduct innovative research in an environment of excellence.

UNSW Sydney's research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, our Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners, including small to medium sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

Our Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Eligibility

Once you have decided to apply for a Higher Degree Research program, you must determine whether you are eligible for admission before submitting an application.

Use the UNSW HDR Self-Assessment Tool to determine your eligibility and your competitiveness for a scholarship at selfassessment.research.unsw.edu.au.

If your results indicate that you are eligible for admission and/or competitive for a scholarship, you will need to submit an application to be formally assessed by the University.

How to Apply

Step 1
Check your eligibility and complete the HDR self-assessment at selfassessment.research.unsw.edu.au.

Step 2
Choose a research area by investigating the research activities and projects already being undertaken at UNSW, and identify a faculty or school that aligns with your area of interest.
Visit research.unsw.edu.au/finding-supervisor.

Step 3
Find a supervisor working in your research area and get in touch with them to gain their agreement to supervise you.
Visit research.unsw.edu.au/finding-supervisor.

Step 4
Work with your supervisor to develop a description of your research interests, which should be approximately one page in length and outline how you plan to address a specific problem.

Step 5
Prepare your supporting documents - supervisor's agreement, research proposal, resume, academic transcripts, financial declaration and proof of English - ready for submission.
Visit research.unsw.edu.au/student-application.

Step 6
Submit your application online and apply for any relevant scholarships available.
Visit applyonline.unsw.edu.au.

Research scholarships

A wide range of scholarships is offered for international students.

Our scholarships

UNSW offers a wide range of prestigious scholarships. The scholarships provide benefits such as annual stipends, living allowances, and tuition fee cover, as well as funding and support for travel.

Eligibility

Full scholarships are only available to applicants who hold a four-year bachelor degree with Honours class 1 from an Australian institution, or an equivalent research qualification/experience. This qualification must be in a field relevant to your area of research.

Apply

You can apply for a scholarship within your online research degree application.

Available scholarships

The UNSW scholarships available to international students are:

Australian Government Research Training Program (RTP)

International Scholarship

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living allowance in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

University International Postgraduate Award (UIPA)

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living allowance in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

Tuition Fee Scholarship (TFS) plus a Research Stipend

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living allowance provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years.

UNSW and home country joint scholarships

Available to students from China, Pakistan and Chile. Visit research.uns.edu.au/unsw-home-country-joint-scholarships for more information.

UNSW Scientia PhD Scholarship scheme

These are prestigious scholarships based on research merit, research potential, global impact and social engagement, and potential for career development. These awards provide successful applicants undertaking a PhD with a tax-exempt living allowance and an annual development support package, in addition to covering tuition fees for 4 years.

The Scientia PhD Scholarship scheme has different eligibility criteria and application process to other UNSW scholarships. For more information on how to apply for a Scientia Scholarship, please visit 2029.uns.edu.au/apply/scientia scholarships.

Visit research.uns.edu.au/graduate-research-scholarships for more information.
Entry requirements

To gain entry to UNSW, you'll need to meet both the academic entry requirements and the English language requirements.

Academic entry requirements

To find out the academic entry requirements for your chosen degree, refer to the relevant entry in this guide. Alternatively, the UNSW Admissions Office can help you find out the specific academic entry requirements.

Contact UNSW Admissions
T: +61 2 9385 0555
W: enquiries.unsw.edu.au

Evidence of English language ability

If English isn’t your first language, you must provide evidence that your English language ability meets our requirements. You must submit results from an acceptable English language test taken in the last two years prior to starting study at UNSW. See our English language requirements policy at www.unsw.edu.au/elc.

International English Language Testing System (IELTS) - Academic

An overall minimum score of 6.5 with a minimum score of 6.0 in the sub-tests of listening, reading, speaking, and writing is required. Some UNSW Sydney programs require a higher score. For more information, visit www.ielts.org.

Test of English as a Foreign Language (TOEFL)

A TOEFL iBT overall minimum score of 90 (minimum 23 in reading, 22 in writing, 21 in listening, and 21 in speaking). Paper-based test: an overall minimum score of 577 with a minimum score of 5.0 in the Test of Written English. Some UNSW Sydney programs require a higher score. For more information, visit www.ets.org/toefl.

University English Entry Course (UEEC)

UEEC has been developed specifically for students who have received conditional offers from UNSW Sydney but do not meet UNSW Sydney English entry requirements. It provides outstanding preparation experience for academic study at UNSW. This course is offered by UNSW Global. For more information, visit languages.unsw.edu.au.

Pearson Test of English Academic

An overall minimum score of 64, with a minimum of 54 in each sub-score. Some UNSW programs require a higher score.

Other English qualifications

UNSW also accepts a number of English language tests and English preparation courses which can be undertaken to meet the university's English language requirements. For information about these qualifications and the full English language requirement policy visit unsw.edu.au/elc.

UnSW Global English language courses

UNSW Global English language courses are specifically designed to enable you to improve your English proficiency to meet the UNSW English language entry requirements and equip you with the academic skills to start your UNSW Sydney degree. The comprehensive range of courses covers academic English, general English, and professional English. All courses have been developed and are delivered by highly qualified and experienced specialist English teachers. Programs are popular, so we recommend you apply at least three months before your intended degree start date.

For more information visit unswglobal.unsw.edu.au/english-language-courses.

University English Entry Course (UEEC)

This intensive English course is designed to help you get into your UNSW degree sooner. On successful completion of UEEC, you will meet the English language requirements of your chosen UNSW degree without having to retake an IELTS or similar English language exam. Course material is based on UNSW resources and is enhanced through online learning and teaching activities.

In UEEC, there is a focus on learning to use established academic conventions, producing complex academic texts, case analyses and reports required at UNSW, confidently participating in academic discussions and developing independent learning strategies.

Most UNSW programs require a minimum overall score of C+ with a minimum of C in the writing component or a minimum overall score of B with a minimum of C+ in the writing component. Some UNSW Sydney programs require a higher grade.

For more information visit unswglobal.unsw.edu.au/english-language-courses/ueec.

Tertiary Orientation Program

If you already meet the English language entry requirements for UNSW but need to gain confidence or improve your English skills for an academic environment, you may want to take this intensive five-week course before starting your degree. It will also give you time to settle into Sydney, familiarise yourself with the university environment, and meet fellow students.

For more information, visit unswglobal.unsw.edu.au/english-language-courses/tp.

For all CRICOS Courses Codes, refer to unswglobal.unsw.edu.au/our-company/crics.

Fees vary each year

Fees for programs change from year to year. The tuition fees above are for students in 2019. The fees for 2020 are indicative only; these fees may change during the program. Actual fees for 2020 will be released in late 2019.

Because each student's study choices are different, it is impossible to provide a definitive cost of studying at UNSW. Here are a few things to consider when calculating your expected fees.

Fees are course-based

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

Fees are charged based on the year of commencement

For example, if you start in Term 3 (September 2020), the fees for the first term will be calculated at 2020 rates. Your second term will be calculated at 2021 rates. If you are required to complete a course again, you will be charged at the rate applicable to the year you re-take the course.

Estimating your tuition fees

For more information, visit student.unsw.edu.au/fees

Other study-related costs

Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around AS1,000 per year for books.

Coursework program fees

A coursework masters program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, while a graduate certificate requires 24 UOC. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Arts and Social Sciences rate, which is AS735 per UOC in 2019.

Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fees covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information, visit www.student.unsw.edu.au/fees-policies

Financial Aid Office will be able to help you with your application.

There are five registered providers of OSHC

The five registered providers are Medibank Private (UNSW's preferred overseas student health cover provider), Alliance Global Assistance, BUPA Australia, NIB Health Funds Ltd and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to wait for a period to receive some services.

Some services are not covered by Medibank’s policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

US financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information visit international.unsw.edu.au/financial-aid

International student loans

If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au.

Financial Aid Office will be able to help you with your application.

For more information visit international.unsw.edu.au/financial-aid
Apply online data entry form

This form is to record your details at a recruitment event. Once completed, this form should be submitted to your agent within two weeks of the event. This is NOT an application form. Please do not send this form to UNSW. To apply, please go to apply.unsw.edu.au.

1. Personal Details
If you have applied to UNSW before, what is your student ID?

Family name:
First given name:
Other given names:
Date of birth (DD/MM/YY):
Gender: M F Unspecified

Country of birth:
Country of citizenship:
Are you an Australian permanent resident? YES NO
If yes, provide your visa number:

Email address (compulsory):
Mobile (Cell) number:
Home number:
Work number:

Making address (This is the address the University may send all correspondence to):

2. Visa Details
What visa type will you hold during your studies? (e.g. student visa)

Are you intending to be in Australia for the duration of your studies?

If you currently have a passport, what is the passport number?

If you currently hold an Australian visa, what is the visa number? This information is required if you intend to submit your application for a student visa to a DHA (Immigration) office in Australia.

3. Program Preferences – you may nominate up to three coursework program choices.

Preferred year of study:
Preferred term: Term 1 (February) Term 3 (September)

Study mode: Full-time Part-time

Preference Program code:

Program name: e.g. Bachelor of Commerce Specialisation: e.g. Finance

4. Sponsorship
If your tuition fees will be paid by an organisation that has an established official sponsorship agreement with UNSW, please provide the details below. If you are being sponsored, you must submit documentary proof of your sponsorship agreement to UNSW.

I will be sponsored: YES NO

If yes, my sponsor details are: (organisation, country)

5. English Language Proficiency – for further details please visit, unsw.edu.au/vip

English is my first language. YES NO

OR the sole language of instruction and assessment in my degree or diploma (within the last 2 years) was English. Please note that these studies must have been for a minimum duration of one year full-time.

OR I hold a certificate of English proficiency from an approved test (e.g. IELTS or TOEFL) undertaken within the last two years.

Start date: / / *Please refer to the Program Start Dates on the website at unswglobal.unsw.edu.au/english-language-courses

11. English Proficiency
Have you taken an IELTS, TOEFL or other recognised English Proficiency test?*

"Your test must have been taken within 24 months (or 6 months if applying to Diploma programs) before the official commencement date of your course.

*Yes. Please attach a certified copy of your English test results to the ILTS ERIF form, or the ESOS TRF form.

*No. A conditional Foundation Studies or Diploma offer will be issued until the English Language Requirements have been met.

12. Scholarship
Have you been granted a scholarship? *Yes *No
Scholarship Name or Sponsor Name:

13. Airport Pick Up
Do you want to be picked up by a UNSW Global approved driver when you arrive at Sydney airport? Our airport pickup fee is AUD150.

*Yes *No

14. Overseas Student Health Cover (OSHC)
UNSW Global can arrange visa-length health cover with Medibank, our preferred provider of OSHC. If you want UNSW Global to purchase OSHC on your behalf, please let us know. In the event of a claim, we will submit your claim to Medibank on your behalf. OSHC is an additional cost and is not included in your course fees.

*Yes. I want UNSW Global to purchase OSHC on my behalf
*No. I will make my own OSHC arrangements

15. Students with a disability/ health condition
Do you have a learning difficulty or health condition that may impact on the way you study, attend class or sit assessment? *Yes *No

Telling us about a disability will not prejudice your application. The earlier you tell us, the better we are able to work with UNSW and others to make adjustments to your teaching and assessment program. If you choose not to tell us, we may not be able to make adjustments in time and this could affect your ability to progress in your UNSW Global program and/or your preferred program at UNSW.

If you disclose a disability to us, please indicate that you consent to our use of this information only for the purposes above by ticking this box
